

SACCO-VANZETTI COUNSEL PREPARE MORE ATTACKS

Crucial Hearing Comes Up Today; Clergymen See Condemned; Radicals Hurl Threats

(Continued from First Page)

may be taken to the United States District Court in Boston, the United States Circuit Court of Appeals or to a single justice of the Supreme Court of the United States.

READY TO ACT

Defense counsel indicated tonight that they would be ready to make a last, starting with the lower court, in order to insure a decision from every available source. The appeals, if made, will be based on the same grounds as those filed today, namely, prejudice on the part of the trial judge and discovery of asserted evidence.

The case came before Judge Thayer in Dedham today in the same courtroom where the men were tried and in the same room where they were sentenced four months ago. The scene was hardly less dramatic than those that have preceded it in the long fight waged by the defense. The courtroom was heavily guarded by deputy sheriffs and State and local policemen. The doors were barred and guards stood by the corridors. Judge Thayer arrived from his home in Worcester under guard and was accompanied by guards when he left early this evening.

For the first time since he became the center of charges involving his conduct of the trial, Judge Thayer took official cognizance of the assertions of prejudice and bias directed against him by the condemned men and by their supporters. From the bench, after announcing his decision refusing the motion for a new trial, he defended his official conduct and denied any prejudice on his part. The record of the case, he said, shows what his conduct has been. "Assured prejudice on the part of Judge Thayer by which counsel contended the two men were denied a fair trial was the principal basis of the defense plea. Attorney Hill argued the motion. Atty.-Gen. Reading opposed it as the State's representative.

In arguing the motion for a new trial Attorney Hill declared it is impossible for any man, after having said through seven years of litigation, to render an impartial judgment and he read to the court a portion of the report of the advisory committee named by Gov. Fuller in which the committee commented on prejudicial statements attributed to Judge Thayer outside of court.

EVERY OPPORTUNITY

"Will you look up the authority?" Judge Thayer asked. "Perhaps I am taking too much. I have looked them up and I have spent considerable time myself on this, for when my honor is involved there is nothing that touches my heart and conscience more."

Atty.-Gen. Reading declared the defendants have had every opportunity in the courts to protect themselves and, he added, "the rights of these defendants do not transcend the laws of the Commonwealth." The condemned men, he said, have had their lawyers and have been able to "contract these proceedings far beyond the ordinary trial."

Judge Thayer rendered his decision denying a new trial immediately after the attorneys concluded their arguments, explaining that he holds he has no jurisdiction.

The other questions—those involving the revocation of sentence and stay of execution—were said to be "somewhat different" and require more time for consideration.

Eward Holton James, wealthy industrialist, said he would be present at the hearing.

FLYER BALKS AT TIN HALO

Lindbergh Smokes Cigarette to Show How He Has Saving Views

CINCINNATI, Aug. 8. (AP)—Col. Charles A. Lindbergh, during the dinner given in his honor here Saturday night, smoked a cigarette and thought of no one but himself.

The smoking was said to have been the outcome of an incident in which Lindbergh told his "pal," Phillip Love, "I won't be played for a tin saint."

He was said to have told Love that a national women's organization is sending out circulars calling on the young men of the country "to follow Lindbergh's example and abstain from smoking cigarettes."

"I did not say I would never smoke a cigarette," he told Love.

step of a known Sacco-Vanzetti sympathizer there. Police Commissioner Warren said, however, that the Sacco-Vanzetti theory of the bombings is only one of four held by the police.

PREACHERS VISIT

For the first time since they were placed in the death house at the Charleston State prison, Sacco and Vanzetti today were visited by a clergyman. Both of the radicals are professed atheists.

Rev. William Bradley Whitney, Protestant chaplain of the prison, talked to the two condemned men in their cells. He was with them about a half-hour.

Both the condemned men stuck to their hunger strike today. It is the twenty-third day on which Sacco has refused food but Vanzetti has broken his fast several times.

Chaplain Whitney indicated that Vanzetti has given up all hope.

Seven persons who have testified at various times as alibi witnesses for Vanzetti appeared at the Governor's office in the State house today and requested that they be arrested as perjurers. They were received by Herman A. MacDonald, Gov. Fuller's secretary. The Governor had left for his home at 10 o'clock.

Word of their coming had preceded them and several State police officers were present in the executive chambers when they arrived. The delegation was led by Beltrando Brini, who acted as spokesman Brini testified at the Plymouth trial and was 13 years of age at the time.

**NEW YORK POLICE
KEEP UP STRICT GUARD**

NEW YORK, Aug. 8. (AP)—Fourteen thousand police today continued their guarding of traffic centers, homes of the Mayor, of prominent citizens, banks and Federal buildings against the depredations of bombers.

Fifteen threatening letters were received by owners of skyscrapers, important buildings and newspapers, threatening bombings if the executions take place. They were signed "The Anarchists of the World for the Freedom of Sacco and Vanzetti," and as no such organization is known, they were considered the work of cranks.

Although the letters referred to the subway bombings of Friday, calling them "only a sample" of what will happen "if our comrades are not set free" New York police said they still are without conclusive evidence that the bombings were the work of Sacco-Vanzetti sympathizers.

On the clew of a Massachusetts number plate seen on a sedan leaving the scene of one of the bombings, a New York detective was sent to Boston. The New York Evening Post said the clew led to the door-

ALIENS GIVEN WARNING

Immigration Committee Chief Points to Danger of
Oversympathy for Sacco and Vanzetti

BOQUIAM (Wash.) Aug. 8. (AP)—Warning to citizens and all aliens who desire to remain domiciled in the United States not to let their sympathy or wrong information sway them as the day for the execution of Sacco and Vanzetti approaches was issued here today by Representative Albert Johnson, chairman of the Immigration and Naturalization Committee of the House of Representatives.

"Aliens domiciled in this country should remember," said Johnson, "that if they take in anti-government demonstrations here they and their chances for citizenship which, now that it is harder to get, is that much more desired."

"Besides, they will be liable to deportation under the 1918 Act."

MURDERERS BRANDED

Referring to Sacco and Vanzetti as "bandits and murderers," Johnson's statement said: "They are also anarchists and enemies of this government, but that fact has nothing to do with their convictions nor with their approaching execution. They are guilty as sin, and the United States and under the new Immigration Act could not have been admitted."

Gov. Fuller of Massachusetts and know several of the board of citizens who assisted him in final action on the large scale throughout the country. They are convinced that Sacco and Vanzetti are guilty, and these men, in my opinion, are guilty as sin."

Johnson said that the new Immigration Act could not have been admitted. "The time has come when acquired citizenship shall not be used by radicals to the danger of this great government."

NEW MEASURE PROPOSED

Announcement was made tonight by Representative Johnson that the committee has been working on a bill to amend the Immigration Act which he expects to "rush through Congress without fail during the coming winter."

"Our committee," said Mr. Johnson, "has the support of the Department of State and Department of Labor on this measure. If it passes, it will make more certain the passage of the much-discussed deportation bill."

Johnson said that the bill will be modified in certain particulars, but will be made more certain as to the deportation of aliens.

AMERICA'S GREAT GIFT

"The people of the country might as well be thankful to the United States for the gift of the new Immigration Act which is spread through the United States."

Johnson said that the bill will be made more certain as to the deportation of aliens.

Johnson said that the bill will be made more certain as to the deportation of aliens.

JAPAN'S MOVES ALARM CHINESE

Nationalists Fear Seizure of
Shanghai Customs

Demands Presented to Chief
of Southern Forces

Tokio's Aims in Manchuria
and Mongolia Feared

(Copyright, 1927, by Chicago Tribune)

SHANGHAI, Aug. 8. (Exclusive)—Unless the United States takes immediate action to enforce the Washington conference stipulations respecting the preservation of China's territorial administrative integrity and the open door policy, which America and eight other nations solemnly agreed upon less than six years ago, the treaty will be scrapped and China will be threatened with dismemberment.

This is the solemn belief following observations of the Japanese activities in recent weeks. Chinese conversations with Chinese of all factions, who declare Japan now is exerting pressure on China almost exactly similar to 1915, when the twenty-one demands were presented. Japanese demands upon the Chinese government are being presented by Baron Yoshikawa, Japanese Minister to Peking, who arrived here yesterday from Japan and proceeded immediately to Nanking for a conference with Gen. Chiang Kai-Shek.

LEAVE FOR NANKING

The seriousness of the situation is evidenced in the hurried departure for Nanking tonight of Dr. C. C. Minister of Foreign Affairs; Quao Tai-Chi, Commissioner of Foreign Affairs, and practically all the local Kuomintang officials.

Simultaneously with Minister Yoshikawa's arrival here local Japanese newspapers published a dispatch from Tokio stating that Japan is planning the seizure of the Shanghai customs house in order to block the Nationalists from enforcing the tariff autonomy September 1.

The Shanghai Times, a local British organ which is close to the Japanese, published this morning a Peking dispatch alleging that Great Britain and France both are supporting Japan in a protectorate if not an actual Japanese colony; a move which was blocked by the American embassy at the Washington conference.

MAY BE PROTECTORATE

While dispatches from Peking tonight carry Japanese denials, Nationalist officials here assert that they have received dispatches from Chinese sources in Manchuria proving that demands were presented, which, if agreed upon, will make Manchuria and Mongolia a protectorate if not an actual Japanese colony; a move which was blocked by the American embassy at the Washington conference.

While this is taking place in Manchuria the Japanese also are bringing pressure to bear upon the Nationalists here, trying to force them to call off the Nationalist program of tariff autonomy, while at the same time attempting to force Gen. Chiang Kai-Shek to make a compromise with Marshal Chang, leaving the Mukden was lord the controller of the Peking government, which now is openly supported by the Japanese.

Gen. Pei Chung-Hai, chief subordinate of Gen. Chiang Kai-Shek, who was defeated by northern troops, arrived at Shanghai today and declared that the northern troops are supported by the Japanese military and are financed and munitioned by the Japanese.

WANT INTERVENTION

Gen. Pei alleges that he personally found Japanese soldiers wearing uniforms and carrying machine guns among the northern troops. Nationalist officials here profess their inability to understand the present United States policy of aloofness in the face of Japan's actions, which are likely to undo the entire Washington conference program. They are particularly disappointed that American diplomatic or consular officials were not sent to Nanking in order to check the Japanese who claim that they are acting for all powers, including the United States.

The evidence points to the fact that the Japanese have done a complete about-face on the neutral policy which followed the Washington conference.

The present policy of active Japanese interference in the Chinese situation resulted from the recent conference in Tokio participated in by all Japanese diplomatic officials in China, who were recalled by Tokyo for the purpose of outlining a new strong policy and conveying in concrete terms the Japanese attitude toward the situation in North and South China.

**GOV. YOUNG
NAMES TWO
NEW JUDGES**

Bench in San Diego and San Bernardino Counties Filled by Appointments

SACRAMENTO, Aug. 8. (Exclusive)—Gov. Young today announced the appointment of two new Superior Judges in San Diego and San Bernardino counties, the positions having been created by acts of the last Legislature. The Governor named a new judgeship in Alameda county to fill.

Emily J. Higgins, a practicing attorney in San Diego, was named to the judgeship in San Diego county and Frank A. Leonard, an attorney, was named to the judgeship in San Bernardino county. The appointments are effective immediately.

The dignitary of the Superior court in San Bernardino county, who resigned, was named to the judgeship in Alameda county to fill.

**NAVY OFFICER
Search Object**

NEW YORK, Aug. 8. (AP)—The New York Herald-Tribune says that the Navy Department is making a country-wide search for Lieutenant Commander Fido S. Carter, 74-year-old retired naval officer, who has been missing since February.

The search is being made as the result of a report of the officer in this city and in Chicago.

Commander Carter, reported to have been in the city of Seattle, was a brother of Mrs. Dora Hogan of Chicago and a cousin of the late William G. Sharp, former Ambassador to France.

TRAIN KILLS THREE BOYS

OIL CITY (Pa.) Aug. 8. (AP)—Three small boys were killed, another was hurt and two more escaped injury tonight when a Pennsylvania Railroad passenger train crashed into a group of six near Franklin, Pa.

CURE SHE'S ANASTASIA Childhood Friend Convinced

First Meeting With Mystery
Woman Removes Doubts
in Writer's Mind

Daughter of ex-Czar Changed
Amazingly Little in Ten
Years, He Says

G. E. Botkin, now living in New York, spent his boyhood at the Russian Court. His father, personal physician to Czar Nicholas, was slain with the Czar. As a lad, Mr. Botkin was a playmate of the Czar's daughter, Grand Duchess Anastasia, and he shared her exile in Siberia. Hoping to remove the mystery of the woman known as Frau Von Tschakovsky, said actually to be the Grand Duchess, the North American Newspaper Alliance, of which this paper is a member, sent Mr. Botkin to see her in Bavaria. He is convinced she is the Grand Duchess Anastasia, thought murdered with her family. This is the third article in a series of six he has written.

BY GLEB E. BOTKIN
(Copyright, 1927, in all countries by North American Newspaper Alliance)
NEW YORK, Aug. 8. (Exclusive)—On Monday, the day appointed for my first meeting with the mystery woman at Secon, she was called to Wassberg to be confronted with a Pole, the brother of the Polish working woman certain German newspaper charged Frau Von Tschakovsky to be. The Duke of Leuchtenberg asked me to be in a parlor which Frau Von Tschakovsky would pass on her way to the waiting motor car. He planned to present me in the hope of relieving the tension my presence had engendered.

The prospect of a meeting at last made me very nervous. I paced up and down the parlor trying to visualize the meeting. While what I had heard in Europe made it clear it was not impossible that Frau Von Tschakovsky could be the Grand Duchess Anastasia, I was still unable to believe that it could be she. I even doubted my ability to recognize her, for in Paris my own brother and I were unable to recognize one another after ten years of separation. What if she were merely a person who by chance curiously resembled the Grand Duchess?

IT WAS ANASTASIA
I was in the middle of these speculations when the door opened suddenly and before me stood the Grand Duchess Anastasia. Her face was drawn, which made her seem larger. Her mouth was twisted unnaturally at one corner—the result of a bayonet wound. She was sick and nervous. But, nevertheless, it was the Grand Duchess Anastasia, whom I had last seen in Siberia nine years before. There was not the slightest question in my mind.

The Duke presented me. The woman smiled and gave me her hand to kiss, exactly as she used to do. She said only "Good day," in German, and then went swiftly to the car.

On the way to the car and after entering it she bowed unconsciously to right and left in that imitative manner of royalty who in public bow automatically, to no one in particular but knowing that everyone about them is standing at attention. It saddened me thus to see the Grand Duchess acknowledging the salute of a nonexistent crowd.

Instantly the car had left, all present flocked about me, demanding my opinion.

"To me she looks exactly like the Grand Duchess," I said. "She is either the Grand Duchess Anastasia or a miracle. But before saying more, I want to talk with her."

TOO EXHAUSTED TO TALK
I knew she was the Grand Duchess, and could be no one but the Grand Duchess. Yet the whole thing seemed so incredible I wanted to hear her talk, observe her manners, have time to test my belief before publicly declaring her to be herself beyond peradventure. To have made a mistake in so important a matter would have been unthinkable. I waited restlessly for her return.

She returned in two hours, but was too exhausted by the trip to see me. I walked in the garden wondering whether I was ever to see her. She sent word that she would see me the next day. This had been my daily experience since coming to Castle Secon, and now more than ever I felt I must have an adequate talk with her.

The sun was setting, lighting up the lake with gorgeous reflections. I stood admiring it, when I became aware of someone regarding me. Turning, I saw the Grand Duchess smiling from the window of her chamber. Several sparrows were

hopping about on the sill, feeding from her hand. I shall now refer to her as such, until I find her. I remained motionless, carried back ten years. Every detail of our Siberian exile came flooding back. How often then had I watched the Grand Duchess standing at a window smiling at me in exactly the same manner. Those eyes and that smile could belong to no person in the world other than the Grand Duchess Anastasia. I remained standing until she bowed for the last time and left the window.

CHATS WITH MYSTERY WOMAN
The following afternoon the Grand Duchess, for I shall now refer to her as such, sent for me. I found her lying on a couch in her room. She seemed still very tired and nervous, but forced herself to smile kindly. She gave me her hand to kiss and asked me to sit down. We talked. She did not call me by name, but she talked to me in that unconcerned manner of persons well acquainted with one another.

I had been introduced under my own name. There are several members of my family in Europe, yet the Grand Duchess knew exactly who I was. She talked to me of my sister and my brother, and referred to my cousin Sergius. I talked to her partly in German, partly in Russian. She spoke a broken German, but understood everything I said in Russian. She did not ascend to my level, but changed from one language to the other.

I had intended asking her questions concerning the past, but on the first attempt I found her so nervous that this was impossible. I mentioned Tsar Nicholas—the imperial residence before the revolution—and her face assumed such an expression of anguish that I changed the subject immediately.

Besides, now that I was face to face with her and talking with her, I had no need for tests. The surprising thing to me was not that she so little resembled the Grand Duchess Anastasia of the old days, but that she had changed so little. Her eyes preserved the same pure and kind expression, every gesture, every word, every movement, her laughter, all her mannerisms, remained astonishingly unchanged. I could not notice even the difference that takes place generally in a person between the ages of 18 and 25.

I could explain this only because of the years spent in hospitals and sanatoriums, and also because of the mental afflictions she had suffered after the murders at Ekaterinberg. She had remained a child in many ways and had preserved many of the characteristics of childhood that normally one loses upon reaching maturity.

(In his next article, tomorrow, Mr. Botkin tells of long talks with the Grand Duchess Anastasia, in which she voiced despair that the mystery surrounding her would ever be dispelled.)

Guardsmen Set for Celebration

CAMP DEL MONTE, Aug. 8. (P)—Final preparations were being made today by the 3000 National Guardsmen in camp here for the military and athletic program which will be given tomorrow in honor of Gov. Young.

TEXAS POLO PLAYER BADLY HURT IN FALL

NEW YORK, Aug. 8. (P)—Suffering from a possible fracture of the skull and with his left side paralyzed, Fred Rose, Texas banker and rancher and a member of the United States international polo squad, was in the hospital today, the victim of a fall from his pony during a practice match yesterday.

You'll find a hundred or more ways to make money.

STATE SURVEY ENCOURAGING

Development Association
Reports on Economics

Farmers' Gross Income to
be Higher This Year

Outlook for Melons and
Grapes Improved

DEL MONTE, Aug. 8. (P)—A survey completed by the California Development Association shows economic conditions for the State as a whole encouraging, said reports presented at the meeting of the association's directors here today.

"Spotted" agricultural prospects, decreased manufacturing and building activities, and smaller wholesale trade were reported for the central coast section.

FARM INCOME HIGHER
The reports indicated that California farmers' gross income for 1927, measured by value of crops, will be higher than in 1926. The outlook for deciduous fruit was declared better in Southern California than in the north, while other southern crops are large and prices good.

The San Joaquin Valley outlook was reported improved for grapes and melons, with cotton production smaller, but with a favorable price outlook. The outlook for peaches, prunes and dairy products in the Sacramento Valley was reported "clouded." The Santa Clara pruned situation was pronounced discouraging, with huge crops and no assurance of price control.

Petroleum production was declared ahead of 1926, but below 1925. Employment in 777 industrial plants is 3.9 per cent less than a year ago. Bank clearings for the first six months of 1927 were 2.8 per cent greater than for the same period of 1926, and 14.1 per cent above the half-year total for 1925. Bank deposits have shown an even greater increase.

BUILDING DECREASES
California building permits for the first six months of 1927 showed 11.1 per cent decrease below 1926, and 19.6 per cent decrease below 1925.

Little change was reported for retail business, but wholesale made up to the end of June was declared slightly below the figure for the first five months of 1926.

PALO ALTO'S HORSE SHOW GATES OPEN

Los Angeles Horse First
in Harness Class Event;
Spill Furnishes Thrill

PALO ALTO, Aug. 8. (P)—A horse show of national importance opened its doors tonight on the campus of Stanford University.

The event of the evening, from the standpoint of competition, was the Palo Alto Chamber of Commerce \$1000 stake for harness horses, which had eight entries. Henry Cullins of Devon, Pa., who tied on the ribbon, found it a difficult class, in spite of the fact that Rosewell, the winner, owned by Irving H. Hollman of Los Angeles, is considered to be the best fine harness horse in the country.

Rosewell was placed first. San Juan, owned by Mrs. A. W. Pike of Redwood City, second. Gloria Gleason, owned by Mrs. W. E. Roth of San Francisco, third, and Dream Girl, owned by Miss Cecelia Hoyt De Mille of Hollywood, fourth.

The opening event for novice hunters developed some poor jumping, but Daddy Dear, the winner, owned by Aaron M. Frank of Portland, Or., and Commando, owned by Walter Spore, Jr., of Edmond, Alta., both made clear scores, and were placed first and second, having negotiated a set of hurdles that appeared to be at least six inches above the regulation four feet.

A mild sensation ensued in the class for roadsters when J. B. Sullivan, driving Catty Miller, lost a front wheel from his road wagon and was dumped into the ring. In spite of the accident Catty Miller took second place to Mrs. Roth's Maybird.

Dynamite Found Under Railroad

PITTSFIELD (Mass.) Aug. 8. (P)—A box containing thirty-five pounds of dynamite was found under a culvert of the New York, New Haven and Hartford Railroad tracks near here tonight. The box was a few feet beneath the main-line tracks.

The box originally contained fifty pounds of the explosive but fifteen pounds had been removed. Police officials began an investigation in an effort to determine where the explosives came from.

BUILDING CAVE-IN NOW LAID TO EXCAVATION

WASHINGTON, Aug. 8. (P)—Collapse of the rear of the five-story Fellowship Forum Building here Saturday night is laid by Building Inspector Oehmann to excavation work in the basement. He previously had said the cave-in might have been caused by an explosion.

CONFESSES BURNING HOME
MARTINEZ, Aug. 8. (P)—John W. Biley, 36 years of age, was quoted by the authorities as having confessed that he set fire to his cottage Friday in the hope of getting insurance money to care for a sick wife and two small sons. Officials said they will ask the court to parole him and help him find a job. He was billed on a charge of arson.

TAPS FOR WOOD TO SOUND TODAY

Arrangements for Burial at
Arlington Completed

General to Rest Near Grave
of Admiral Sampson

Large Military Escort Will
Meet Body at Station

WASHINGTON, Aug. 8. (AP)—Taps will sound tomorrow for Maj.-Gen. Leonard Wood, who will be buried in Arlington National Cemetery by the side of comrades he commanded in the war with Spain.

The burial plot, selected today by Maj.-Gen. Frank McIntyre, chief of the Army's Bureau of Insular Affairs, is situated on a small knoll overlooking the Arlington amphitheater, and adjoins the grave of Admiral Sampson, one of America's outstanding naval commanders in the days of '78.

Arrangements for the burial were completed late in the day after the arrival in the capital of Brig.-Gen. Frank R. McCoy, close friend of the late Governor-General of the Philippines and his staff officer for more than a decade. McCoy took personal charge of the arrangements at the request of Mrs. Wood.

The burial section is known as the Rough Riders plot, having been set aside by the War Department for members of the famous regiment which Wood commanded with the late President Roosevelt's second in command.

ESCORTE FOR BODY
The general's body will arrive here at 7:30 a.m. from Boston, where he died early Sunday morning. It will be accompanied by a military escort of six enlisted men under the command of Capt. Roger Williams.

At Union Station it will be met by a larger military escort composed of units hastily mustered into a skeleton regiment from posts near Washington. While Army regulations call for an escort of a full regiment for an officer of Wood's rank, the exigencies of his death forced less than the required number of troops in this area.

By gathering units from Fort Myer, Fort Washington and Fort Humphreys, the War Department, however, was able to muster all the component units of a full regiment, even though the actual number of men is below that set forth as the escort of a major general and a former chief of the army general staff.

As the funeral party passes along Pennsylvania avenue and is led to the cemetery, the route of the Virginia Hills overlooking the city, a horse will be led in the rear of the caisson, with the boots in the stirrups reversed.

FLAGS AT HALF-STAFF
Flags on all government buildings will be at half-staff and all high government and army officials now in Washington are expected to attend the ceremonies at the grave.

The funeral procession probably will leave the station about 10 a.m. and a half after the body arrives. The military escort will be commanded by Maj.-Gen. Hanson Ely, commander of the Army War College.

The body also will be accompanied to the grave by the wife and the general's three children, Leonard, Jr., Osborne and Lusia, and the escort from Boston.

Col. John T. Axton, chief of army chaplains, and Chaplain W. R. Watts, have been selected to conduct the services at the grave.

**PHILIPPINE COUNCIL
SPLIT OVER STIMSON**
Overlaid, 1927, by the Chinese Tribune.

MANILA (P. I.) Aug. 8.—As a result of the sudden death of Gov.-Gen. Leonard Wood, Filipino politicians have taken a new lease on life and are keenly watching President Coolidge for an indication of who his successor will be.

The mention of Col. Henry L. Stimson as the possible most likely candidate has created a split in local Filipino councils, Sergio Osmeña favoring him and President of the Senate Manuel Roxas opposing.

Speaker of the House Manuel Roxas is opposing. During Col. Stimson's last visit here politicians viewed him with alarm as a strong pro-American who probably would carry out the Governor-General's policies.

The reason Sen. Osmeña has since moved in favor of Col. Stimson is an article by the latter in a recent number of Foreign Affairs suggesting a new form of government for the Philippines.

The Stimson plan is based on the British Parliamentary system with the Cabinet responsible to the Legislature instead of to the Executive. This is almost identical to the same scheme that was foisted on Gov. Francis Burton Harrison by Sen. Osmeña, though not formally recognized by law.

Both leaders probably would accept Col. Stimson's plan without protest.

COOLIDGE MESSAGE
LAUDS WOOD'S WORK
RAPID CITY (S. D.) Aug. 8. (AP)—The Filipino people have lost a true friend and the United States a great public servant in the death of Leonard Wood, declared President Coolidge in a message to Mrs. Wood, made public here today.

The President's telegram follows: "I want to extend my deep sympathy in the sorrow which has come to you in the death of your husband. Eminent as a soldier, it was his higher privilege to ally the suffering which war had wrought and through wise and patient effort to bring again the blessings of peace and ordered government."

"Gen. Wood's record in the Philippines was one of self-sacrificing devotion and I believe that as the years pass there will come an increasing realization that in his going the Filipino people have lost a true friend and our own country a great public servant."

**ISLAND POPULATION
IN STATE OF MOURNING**
SAMBOANGA (P. I.) Aug. 8. (AP)—The sudden death of Gov.-Gen. Leonard Wood has thrown the entire Philippine population into a state of mourning. Half a million Mohammedans were grief-stricken at the news, declaring: "We've lost our father—our best friend. There is no hope for Islam."

The Moros are preparing to enter a period of intensive mourning, say dispatches from Cotabato, Lanao and Sulu, upon hearing of the death of Wood, whom they regarded as the one man who understood them, as he won their confidence after conquering them at the bloody battle of Bud Dahu.

It was learned that since that decisive affair, the late Governor-General had been privately supporting

THIS WILD MAN MADE WILDER

Coney Island Freak Goes to
Jail for Attacking
Spectator

NEW YORK, Aug. 8. (AP)—Coney Island's "Wild man from Borneo" was locked up for a too-faithful portrayal of the role. Incensed at a spectator, the negro filling the time-honored midway attraction dropped his chains, forsook the bones he was supposed to gnaw and took after real raw meat. His prey escaped with minor lacerations.

Two More children found there immediately after the encounter and picked up for dead by American troops. They later recovered, and Wood went to jail under his care.

**AIDE AND AGUINALDO
EXPRESS THEIR SORROW**

MANILA, Aug. 8. (AP)—Vice-Governor Eugene A. Gilmore, who left last week on a trip to the southern part of the archipelago, notified by radio of Gov.-Gen. Wood's death, sent the following statement:

"I am deeply grieved at the unexpected news. Only last week Gov.-Gen. Wood called me that he expected to see me in the Philippines in September. We have worked together more than five years and I have for him the greatest respect and admiration."

Emilio Aguinaldo, former rebel leader, issued the following statement:

"With the death of Gov.-Gen. Wood America has lost its best administrator in the Philippines, a Governor-General who sought to improve a notable way the administration of public affairs. During his administration he rehabilitated our finances, which were on the verge of a precipice. Without violating the principle of separation of powers in democratic government he restored public confidence in the administration of justice."

**PHILIPPINE SOCIETY
SENDS CONDOLENCES**

C. J. Milliron, president of the Philippine Society of Southern California, yesterday sent the following telegram of sympathy to Mrs. Wood:

"On behalf of the Philippine Society we express our sincere sympathy to you and your family. We extend to you our most sincere and heartfelt sympathy. In the passing of Gen. Wood not only has the nation lost a great and noble statesman, but more particularly the Filipino people have lost their most sincere, courageous and honest friend."

OCEAN-GOING UNIVERSITY HEAD NAMED

Dr. McLaren of Williams
College to Pilot Cruiser
Aboard Auraria

NEW YORK, Aug. 8. (Exclusive)—When the floating university Auraria leaves the dock in September, its president for the cruise will be Dr. Walter Wallace McLaren of Williams College, according to announcement today from A. J. McLinton, founder of the "round-the-world" tour.

The new president of the overseas college organized the world-famous Institute of Politics at Westminster and has been its director for several years. For six years he was a professor of economics at Tokyo, Japan, and the last fifteen years has been with the New England institution.

President McLaren takes office immediately with the International University Cruise and is organizing a faculty for the second annual tour.

It is expected that his wide international friendships formed at the Institute of Politics will prove of practical value in further cementing the good-will between the United States and other countries as the shipload of students winds its way around the globe.

Not Guilty Plea in Postal Theft

CARSON CITY (Nev.) Aug. 8. (AP)—A Carson, Nev., man indicted last week for robbing the mails of a package containing \$37,000, pleaded not guilty when arraigned in Federal Court here today. He was granted twenty days to move against the indictment or change his plea.

Bruce's wife, Hazel, and James P. Smith, indicted on conspiracy charges in the same case, also entered pleas of not guilty and were given the same time to move against the indictments or change their pleas.

The package Bruce is said to have stolen was on its way from the Federal Reserve bank to Westwood.

COMPROMISE CLOSES TRIALS FOR FLOGGING

ONEONTA (Ala.) Aug. 8. (AP)—The Jeff Calloway flogging trials ended today when the State and defense reached a compromise whereby the five men remaining to be tried pleaded guilty and were sentenced to pay fines of \$500 and serve six months in jail each. Dr. L. S. Fennell, Amos Covington, Peter Carlisle, Chester Clayton and Clayton Clayton all pleaded guilty to complicity in the flogging of Calloway and were sentenced, Fennell, however, was given a suspended sentence.

MRS. BESANT ATTENDS HOLLAND CONFERENCE

COMMEN (Holland) Aug. 8. (AP)—Juddi Krishnamurti, known as the "vehicle of the world teacher," and Mrs. Annie Besant, president of the Theosophical Society, are leading figures in the conference of the Order of the Star in the East, which opened here today with an attendance of 200 members from thirty-eight countries, including the United States.

COUNTERFEITERS OF PASSPORTS HUNTED

CORDOBA (Argentina) Aug. 8. (AP)—A secret investigation was under way today to find the counterfeiters of United States passports, which have been discovered by the American Legation. Several arrests were made.

YOSEMITE PLANS GIVEN BAY CITY

Mather Asks Road Work to
Cost \$1,556,500

Land Transfer Also Urged
Under Raker Act

Hetch Hetchy Aid Opposed
as Too Embracing

SAN FRANCISCO, Aug. 8. (AP)—Five projects for development of the Hetch Hetchy district of the Yosemite Valley were laid before the San Francisco Supervisors today by Stephen T. Mather, Director of National Parks, in consideration of what he termed obligations of the city and county of San Francisco under the Raker Act.

Mather, a visitor to California, appeared in an unofficial capacity before the board merely as an aid to that body in clarifying its duties in establishing certain roads and trails in the Hetch Hetchy district. His five proposals for the city were as follows:

(1) That the city and county transfer certain lands owned by the approximately 2632 acres, to the Federal government so that the government may have clear title to them. These lands would include Lake Elsinore, Canyon ranch, ... camp and McCall Meadows.

(2) Construction by the city and county of a trail from the city of Hetch Hetchy reservoir to Lake Elsinore, a trail twenty-nine miles long, constructed at an estimated cost of \$43,500.

(3) Construction of a road to Hetch Hetchy, twelve miles long, at an estimated cost of \$400,000.

(4) Construction of a road to Lake Elsinore, fourteen miles long, at an estimated cost of \$400,000.

(5) Reconstruction and surfacing of the Hetch Hetchy road, nine miles long, at an estimated cost of \$270,000.

The surveys of these projects, Mather estimated, will cost about \$85,000.

VALUE STRESSED
Mather stressed the contention that the various roads will tie in with the proposed State and Federal highways and that they will therefore prove of great value to the city of San Francisco in bringing visitors here. He said that 120,000 persons visited the valley last month and that 500,000 are expected to visit before the season closes. This number would be twice that of last year.

Assistant City Engineer Eckart represented the city at the meeting and declared that Mather's first proposal includes more ground than the city is obliged to surrender under provisions of the Raker Act.

Eckart also said that the city knows that under the Raker Act it is obliged to build certain roads and trails, but that Mather's projects include in excess of this and that the city is not willing to assume such responsibilities only as outlined in the act.

WHOLESALE MARRIAGES SUPPORTED

Pastor Offers Defense in
House of David Inquiry on
Cult Weddings

ST. JOSEPH (Mich.) Aug. 8. (AP)—Group marriages in the House of David couple were defended today by T. W. Bellingham, former pastor of the First Christian Church of Benton Harbor, testifying as a defense witness in the State's dissolution suit against the colony.

Bellingham, now a county juvenile officer, married many colony couples from 1914 to 1918. Exhibiting a ceremony on September 5, 1914, when twenty-four couples were married, he testified he received \$12. He denied that he solicited business with reduced rates.

The elaborate costumes of the brides, the witness said, led him to believe they had spent considerable time in preparation for the ceremony. The State has contended that the group marriages were ordered by Benjamin Purnell, head of the colony, whenever an investigation of the cult was threatened.

Curb on Crime in Europe Cited

NEW YORK, Aug. 8. (AP)—Europe is dealing with crime through prevention rather than punishment, Dr. Louis N. Robinson, secretary of the subcommittee on penal laws and institutional correction of the national crime commission, reported today after a study of penal institutions in England, Belgium, Holland and Germany.

"Europeans believe it is far more effective to impose reasonably mild penalties on a large proportion of those who offend," he says.

Europeans rely on their police rather than their prisons to keep down crime, Dr. Robinson finds.

Bay City Mayor Will Run Again

SAN FRANCISCO, Aug. 8. (AP)—Mayor Rolph today announced his candidacy to succeed himself in the office he has held for the last fifteen and one-half years. He declared that his platform can be "read in the records of the city."

Postmaster Fowler has announced his candidacy for Mayor, resigning his Federal office to make the campaign.

SOUTH DAKOTA TO GET FORGERY SUSPECTS

DES MOINES (Iowa) Aug. 8. (AP)—Two asserted professional forgers confessing to passing bad checks totaling \$2,000 yesterday were released from custody here to Sioux Falls (S. D.) authorities to face charges there. The two, W. F. McKelvey, 34 years of age, Pleasantville, Cal., and Mrs. Catherine Hall, 25, of Salt Lake City, have forged checks in Sioux Falls, Salt Lake City and Butte and Billings, Mont., police said. They came to Des Moines in an automobile stolen from Salt Lake City, where Mrs. Hall has a husband and child, detectives said.

Why Barker Bros. Own Make Strict Middling Cotton

MATTRESSES

are guaranteed not to become hard or unyielding

THE fact that a mattress is filled with whitest cotton is no standard by which to judge its comfort and lasting buoyancy. And, too, the terms used in advertising mattresses are often most confusing and misleading. For instance, staple cotton and No. 1 cotton are terms manufactured to convey superior quality when in reality they are applied to any white cotton regardless of its merits for lasting mattress softness and buoyancy.

THERE ARE some 15 different grades of middling cotton below the quality of strict or prime middling as specified by U. S. Government cotton experts. All with a prefix to determine the grade. Such as low middling, ordinary middling, and so on. There is no such grade as staple cotton or No. 1 cotton.

What Barker Bros.' Tests Proved

BARKER BROS.' intensive research and experimental tests for many years have proved conclusively that only higher quality, more expensive cotton will permanently remain soft and fluffy. Only a very small part of the cotton-growing area will produce middling cotton that Barker Bros. could guarantee as they do.

THE GREATER PART of even prime or strict middling cotton is ideal for spinning purposes, but the fibre is too

soft for mattresses, often being bleached very white and lifeless by long exposure.

SOIL AND CLIMATIC conditions must be just right to grow this curly fibre cotton that more nearly resembles wool than vegetable fibre. It must be picked from the boll at just the right stage of maturity and protected from weather exposure that life or buoyancy may be preserved.

Inspect Barker Bros.' Mattresses

BARKER BROS.' Own Make mattresses of every quality from the lowest price up are always of the best clean materials in their respective grades. Barker Bros. invite, in fact, urge, comparison of price and nicety of product with any others.

BARKER BROS.' Own Make springs and mattresses are the best luxury. Still not high priced, although they are specially constructed to serve your individual requirements, age, weight, health considered.

Whatever may be your sleeping equipment requirements, come to Barker Bros. for safe advice in your selection.

1927.—[PART I] Jack Dempsey to Leave Sunday for Chicago

SPORTS The Los Angeles Times

TUESDAY MORNING, AUGUST 9, 1927.

RUNAWAY SLOOPS MAR SANTA BARBARA REGATTA

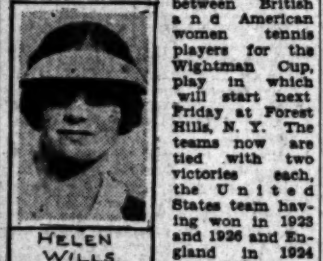

FIGHTER EAGER TO BE AT WORK
Will Out Sunday Evening Over Southern Pacific
Will Stop at Salt Lake and Denver En Route
Selection of Camp to Manager Leo Flynn
Will leave Los Angeles Sunday evening for Chicago to go to the boxing ring for his world's championship fight with Gene Tunney on the night of September 22. The ex-titler, who originally planned to go to Salt Lake Monday, but advanced his departure because of eagerness to get down to heavy work for the most important fight of his life. The Dempsey party will pull out at 6 p.m. over the Southern Pacific.
Dempsey, Jack, is accompanied by his Chicago manager, Leo Flynn, although he is able to travel under the company of a nurse en route to Chicago. Others in the party are Mrs. Dempsey, Mrs. Flynn, and Mrs. Flynn's sister, Mrs. L. A. Flynn. Jack's faithful dog, "Buddy," also is in the party.
Dempsey does not know just where the fight will be located. He expects to be in Chicago on August 10.

George Von Elm Ranked Second Among Golfers

OAKS TAKE ON SHEIKS TODAY
League Leaders Here for Hollywood Series
Acorns Have Lead of Five and One-half Games
Stars in Good Condition for Tough Opposition
Having traveled at a giddy pace last week at the expense of the much-maligned Angels, the Oaks open a seven-game engagement against the Sheiks today at Wrigley Field. The boys get together at a safe bet that the very efficient pitching staff which functions for the Oaks will slow the first-place Oakland athletes up to some extent.
Facing the Angels seven times in the same spot gave the Oaks a neat lead of five and one-half games over San Francisco. With that much of a lead it seems entirely unlikely that the other clubs in the circuit can do anything to prevent the Acorns breezing through the pennant race. Only a bad break in luck which would deprive the club of several regular performers can prevent the Oaks from winning in the estimation of the experts. Howard's team is well balanced, has a good pitching staff, a tight infield and a fairly heavy-hitting outfield, featuring the one and only Buzz Arlett.
When the Oaks take the field this afternoon one Lynn Lary will

NEW YORK, Aug. 8. (P)—Exceptional interest surrounds the fifth series of international matches between British and American women tennis players for the Wightman Cup, play will start next Friday at Forest Hills, N. Y. The teams now are tied with two victories each, the U. S. and Great Britain having won in 1923 and 1926 and England in 1924 and 1925.

HELEN WILLS

TOMMY HITCHCOCK

Yankee Polo Team Selected for Cup Tilts

NEW YORK, Aug. 8. (P)—Two stars of America's "big four" polo team of 1924, a combination that was considered unbeatable at that time, have been crowded out of the United States line-up for the international challenge cup series with Great Britain, starting September 5.

TOMMY HITCHCOCK

The United States Polo Association has selected Winston F. C. Guest, 19, a young English-born captain of Yale's polo four, and J. Chester Cowdin, a veteran, to supplant J. Watson Webb and Malcolm Stevenson, respectively, at the No. 1 and No. 2 positions. Thomas Hitchcock, the longest hitter in the game, has been retained at No. 3 and Devereux Milburn, a great figure since he jumped into prominence on the American team of 1908, will play at back.

Fair Suzanne is Barred Out

PARIS, Aug. 8. (P)—Any hope that Miss Suzanne Lenglen may have had of figuring in the tennis competitions in next year's Olympic games were dispelled tonight by the decision of the executive subcommittee of the International Olympic committee.

SPITFIRE INCREASES LEAD IN CUP RACE

COWLES (Eng.) Aug. 8. (P)—The American speed boat, Little Spitfire, owned by J. R. Band of New York and driven by Ralph Bonidy of Los Angeles, increased its lead today in the race for the Duke of York's trophy, by covering the ten laps of the three-mile course on the River Test this morning in 33m. 5s. for a total of 8 points, as against 54m. 42s. with a total of 4 points, for the New, owned by Miss M. B. Carstairs.

NATIONAL MUNICIPAL NET PLAY POSTPONED

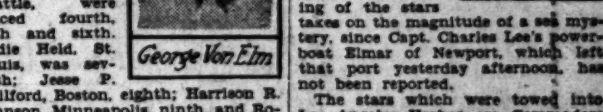

ST. LOUIS, Aug. 8. (P)—Rain today caused postponement until tomorrow of the national municipal tennis tournament scheduled to open here this afternoon. Tourney officials said postponement until Wednesday might be necessary if rains continued.

SEVEN TRUANT BOATS RESCUED

Star Yacht and Powerboat Are Still Missing
Southland Fleet Given Hard Jolt by Accident
Racing Program Gets Under Way This Morning
By EDWARD C. LAWRENCE
By a "Times" Staff Correspondent
SANTA BARBARA, Aug. 8.—Destruction threatened eight star yachts, the pride of the Newport Harbor and Los Angeles fleets, when seven of the yachts, being towed here for the opening race of the Southern California Yacht Association regatta, tomorrow, were picked up off the west end of Catalina Island by Spencer Kennelly's cruiser, Doris R. this morning and taken to the California Yacht Club. The finding of the stars takes on the magnitude of a sea mystery, since Capt. Charles Lee's powerboat, Rinar of Newport, which left that port yesterday afternoon, has not been reported.

JONES PLACED IN TOP BERTH

Georgian Rated Number-One on Association List
Sweetser, Ouimet and Gunn Follow Local Star
Rankings to Serve in Seeding for Amateur Event
NEW YORK, Aug. 8. (P)—Robert T. Jones, Jr., Atlanta, Ga., was placed at the No. 1 position in the ranking list for 1927 announced today by the United States Golf Association. George Von Elm, Los Angeles, was No. 2, and Jesse W. Sweetser, New York, No. 3. Francis Ouimet, Boston; Walter Gunn, Atlanta; and Bob Stein, Seattle, were placed fourth, fifth and sixth. Eddie Heid, St. Louis, was seventh; Jesse P. Guilford, Boston, eighth; Harrison R. Johnson, Minneapolis, ninth; and Roland Mackenzie, Washington, tenth.

George Von Elm

A second list of ten was arranged alphabetically, included: D. C. Corrigan, Philadelphia; George Dawson, Chicago; Frank Dolp, Portland, Or.; E. H. Driggs, Jr., New York; Charles Evans, Jr., Chicago; William C. Fownes, Jr., Pittsburgh; James Marston, St. Louis; Max R. Marston, Philadelphia; Fred J. Wright, Jr., Boston; George J. Voigt, Washington.

The list of twenty ranking players will be used in "seeding" the draw in the amateur championship at the Minneapolis Club, Minneapolis, beginning the 22nd inst.

Jesse Sweetser is the only outstanding amateur not entered in the amateur championship.

(Continued on Page 3, Column 3)

A CORRECTION

The advertisement appearing in The Times yesterday on front page of sporting section using the signature of the Florsheim Shoe Stores was an error. Correct advertisement for Florsheim Shoe Stores appears on page 2, Part I, of today's Times.

"Direct-U"

Have you had difficulty in finding some particular advertised product? Have you had to hunt from store to store to find something you had seen advertised? The Times has established a new department, called "Direct-U," which has collected data about thousands upon thousands of trade-named (advertised) products and stands ready to tell you just where you can find the thing you want. The Times is glad to help its readers and advertisers through this new service—no charge for it—there is no charge, of course. All you need do is phone the Los Angeles Times—METropolitan 0700—and ask for "Direct-U" Department.

SPECULATION ON
DAWES SPEECHPolitical Significance Seen
by Capital ObserversAdministration Officials View
Remarks as CriticismState Department Feeling of
Resentment Reported

WASHINGTON, Aug. 8. (Exclusive)—Remarks by Vice-President Dawes in his address yesterday at the dedication of the International Peace Bridge at Buffalo caused speculation today as to their possible political significance.

References by Mr. Dawes to the failure of the Geneva naval conference were regarded by administration officials as somewhat in criticism of the work of the American delegation. State Department officials are understood to view Mr. Dawes' suggestion that there may not have been sufficient preliminary preparation and that the attitude assumed by the conference may not have been productive of the best results.

With Mr. Dawes listed as one of the prominent possible candidates for the Republican Presidential nomination political observers were disposed to attach considerable significance to his address. His declaration on the subject of the Geneva conference was regarded as emphasizing his lack of complete sympathy with the Coolidge administration.

QUESTION OF SUPPORT
The Dawes speech appears to have made it increasingly certain that he cannot count upon support from persons closely identified with the Coolidge administration. If Mr. Dawes has an ambition to be President, it will seem that he is making his appeal to elements in the Republican party which are not entirely satisfied with the Coolidge policies affecting either foreign or domestic questions.

Administration officials do not anticipate that Mr. Dawes will be an active seeker after delegates to the national convention while Frank O. Lowden is in the field, but they do expect him to have his lightning rod up in case the agricultural and other groups which are dissatisfied with Coolidge find themselves unable to bring about Lowden's nomination.

PLANS FOR FUTURE
There is an expectation that Mr. Dawes will lose no opportunity to make addresses on various sorts of occasions and that he will be considerably in the limelight during the coming winter. It is understood that he plans to renew his effort to obtain a revision of Senate rules as soon as Congress convenes in December. Mr. Dawes failed in the last session to make any headway toward obtaining an amendment to the rules to make it possible to limit debate and prevent filibusters, such as tied up the proceedings of the Senate last March. There will be a considerable number of new Senators who will take their seats in December and Mr. Dawes may find a few supporters among them. At the same time he has lost the aid of former Senator Underwood, Democrat of Alabama, who retired from Congress in March, and who was the leader in a vain effort to revise the rules last winter.

Mr. Dawes also is expected to figure conspicuously in the renewal of the attempt to obtain the passage of the McNary-Haugen farm relief bill. He presided over conferences last winter in which a compromise between western and southern Senators was brought about, making possible the passage of the measure later vetoed by President Coolidge.

'Dead' Man in
Hands of Police

SAN FRANCISCO, Aug. 8. (Exclusive)—Coroner J. Ray Keating of Marin county was about to bury the body of a man believed to have been George D. Tripp, assistant postmaster at Angel Island, when Tripp surrendered himself to Federal authorities today to answer a charge of felony embezzlement.

The body in the coroner's possession was washed up on the beach several days ago and partly identified by a relative as that of Tripp. The latter is charged with the theft of \$1970 from his postal accounts. He denied the charge and was released on bail of \$3000 pending a hearing.

Jury Selection
Under New Law

SAN FRANCISCO, Aug. 8. (Exclusive)—The first major case under terms of the new law which gives trial judges the province of examining witnesses was begun here today in the third trial of George Madden and George Peace on a charge of beating to death MacFarland Campbell, a non-union carpenter, during strike disorders last October. The previous jury in the case has been dismissed.

At the end of the day's sessions Judge Connelley presided over the jury. Thirty peremptory challenges are allowed defense and prosecution in the present case, suggesting a lengthy procedure before a jury is completed.

WIFE SLAIN WITH AX

Immigrant Kills Woman Who Paid
His Passage to America

CHICAGO, Aug. 8. (P)—Peter Marek, 40 years of age, laborer, today slew with an ax the wife who, as an immigrant girl sixteen years ago, worked in a laundry for her master, and who he had married in Poland for her passage to the United States to marry her.

"We were fighting all the time," Marek told policemen after he had been prevented from killing himself. "The best thing to do was to kill her and myself to stop the fighting."

DOCTOR ASSERTS WIFE
OFFERED TO SELL HIM

CHICAGO, Aug. 8. (P)—His estranged wife, Elsie Miestrow, offered to sell his freedom to her asserted rival, Mrs. Irene Pavlovsk, Chicago Civic Opera star for \$5000. Dr. Maurice Miestrow, Chicago specialist, charged in his cross bill for divorce. Mrs. Miestrow in her recent suit for separate maintenance, named Mrs. Pavlovsk as co-respondent. The opera singer denied the charge, characterizing it as "cruel and unjust."

NOTAS TELEGRAFICAS

Posible es que se Tenga ya el Remedio de la Tisis

PORTLAND (Oregon) Agosto 8.—Esta semana va a quedar resuelta la cuestión de si ha sido o no eficaz el tratamiento contra la tuberculosis anunciado desde hace varios meses por el hoy difunto doctor E. F. Pernot, quien lo aplicó a una partida de ganado tuberculoso. En la presente semana se va a dar muerte a estos animales y a examinar qué resultados ha producido en ellos el tratamiento a que han estado sometidos durante unos cinco meses.

El experimento ha despertado interés en toda la nación, y hasta la fecha los resultados han sido tales, que muchos eminentes hombres de ciencia que, en un principio no se habían interesado por el asunto, se hallan ahora aquí para presenciar las autopsias de los animales. La mayoría de esos sabios han venido de California y Washington.

El remedio, descubierta por el doctor George Kirkpatrick, fue primero señalado a la atención pública en febrero último por el Prof. E. F. Pernot, bacteriólogo de renombre internacional, quien dijo que había hecho laboriosas investigaciones y experimentos durante diez años, antes de hablar al público de la cura. Una semana después de haber anunciado que estaba seguro de que el doctor Kirkpatrick había descubierto un verdadero remedio, fue atacado de neumonía el doctor Pernot, y falleció.

Atrapado la enfermedad por la fatiga que le ocasionaron los viajes a Salem para recabar de las autoridades que se hicieran una prueba oficial del remedio.

Dícese que Vuelve a México el Doctor Mora y del Río

CIUDAD DE MEXICO, Agosto 8.—Dice el Excelsior que el doctor Mora y del Río, arzobispo de México, está haciendo preparativos para regresar a este país, procedente de los Estados Unidos, donde se halla desahogado, y esperar aquí la resolución del Vaticano sobre la negociación que, según se dice, hay emprendida, entre el Estado y la Iglesia. Rumorase que de esas negociaciones puede resultar una transacción que haga lícitas las ceremonias religiosas en las casas particulares.

Agrega el mencionado periódico que el doctor Mora y del Río, arzobispo de México, está haciendo preparativos para regresar a este país, procedente de los Estados Unidos, donde se halla desahogado, y esperar aquí la resolución del Vaticano sobre la negociación que, según se dice, hay emprendida, entre el Estado y la Iglesia. Rumorase que de esas negociaciones puede resultar una transacción que haga lícitas las ceremonias religiosas en las casas particulares.

Los Periódicos Norteamericanos ni Siquiera la Olleron

SINALOA (Rumania) Agosto 8.—Dice la Retina María que, a pesar de la avidez de la prensa norteamericana, ésta que va de prepararse alojamiento al señor arzobispo del Río y a sus colegas.

En el ministerio de lo Interior, dicen los funcionarios que nada saben de ese asunto; pero en los círculos católicos atribuyen esa negativa a la reserva con que se están llevando las negociaciones. Rumorase que actúan en estas el general Obregón, por parte del gobierno, y una delegación de eclesiásticos.

Los Periódicos Norteamericanos ni Siquiera la Olleron

SINALOA (Rumania) Agosto 8.—Dice la Retina María que, a pesar de la avidez de la prensa norteamericana, ésta que va de prepararse alojamiento al señor arzobispo del Río y a sus colegas.

En la vista de su querrela de divorcio contra José García, la señora Alicia García dijo ayer al juez Falk que le precisaba divorciarse para desquitarse de los largos infortunios que ha venido padeciendo.

"No volvía mi marido de la calle hasta las 3 de la mañana, y luego de acostarse, iba en la cama y hacía ruido con su periódico hasta que amanecía," declaró la señora. "Me quedaba yo en vela con la zozobra hasta que volvía él a casa, y luego el crujir del papel me tenía despierto el resto de la noche. La verdad es que me está haciendo falta algo de sueño."

Además ha entendido también el juez Falk, quien le concedió el divorcio, a solicitud del defensor de la infortunada, el letrado N. Rosenstein.

Juleto Contra Norman Kerry, por Accidente de Automóvil

Como resultado de un accidente automovilístico ocurrido el 26 de Mayo último, ha presentado denuncia contra Norman Kerry, actor de cine, el señor D. A. Hamberger, importante capitalista de Los Angeles, quien reclama al demandado \$12,213 de daños y perjuicios.

El auto de Kerry chocó contra el suyo, arrojando a éste contra un poste de la luz, en la esquina de las calles 5ta y 6ta de la ciudad. Como resultado del accidente, ha quedado mal el sistema nervioso del quejoso, el docto ha sufrido desperfectos valorados en la suma citada.

Viajaron en dos canoas de abedul. Llevaron cinco hombres para que remaran. Ellos viajaron en dos botes canoas. They took five men to paddle the canoes. They also took some Indian corn. They also took some Indian corn. They also took some Indian corn.

Millions of Fish Die Off YUCATAN COAST

MERIDA (Yucatan, Mex.) Aug. 8. (Exclusive)—A submarine phenomenon has taken place on the Yucatan coast where, presumably on account of a volcanic eruption, dead fish in huge numbers, including large deep-sea specimens, are floating about for miles all along the coast, poisoning the waters in every direction. Steps have been taken to avoid an epidemic by digging trenches along the coast to bury the millions of fish.

HODGES VISIONS
PARTY VICTORYG.O.P. Treasurer Optimistic
After Seeing CoolidgeAble to Pick Candidate and
Elect Him, He SaysBoulder Dam to be Discussed
by President Today

RAPID CITY (S. D.) Aug. 8. (P)—The Republican party next year will be able to undertake the task of selecting a nominee for President and electing him, William V. Hodges, the treasurer of the Republican National Committee, declared today at the summer White House.

"The party is stronger entrenched because of the leadership of President Coolidge and will be able to undertake the task of selecting a nominee and electing him," Hodges said.

The people of the West would be happy to have the next Republican national convention held in San Francisco, he added, and that he was active by working to bring it there.

WILBUR TODAY'S VISITOR
Secretary of the Navy Wilbur reached the summer White House today but he emphatically declined to discuss the prospective American naval policy and the failure of the Geneva conference. He did say that in addition to taking up naval affairs with Mr. Coolidge he had "another matter" to bring before the President.

It was learned during the brief interview that Secretary Wilbur has been studying the development of lighter-than-air craft and that he had something to propose to Mr. Coolidge in addition to his suggestions for the future American naval program.

In the best-informed quarters it was held the administration has no plans for a cruiser building race between the United States and Great Britain as a consequence of the Geneva collapse. It was regarded likely that no such program would be announced some time before Congress convenes and that it would probably include the construction of twelve 10,000-ton cruisers with eight-inch guns in addition to the eight already building or authorized.

WEEK SIGNIFICANT
Today began busy week for the President and one which is expected to be significant from the standpoint of developing an administration attitude on several important questions. Tomorrow Secretary Work arrives, bringing with him the Boulder Canyon Dam problem and other questions, including centralization of all insular affairs under a civil administration in the Interior Department of which he is head.

Other summer White House visitors of the week will be Senator Fessenden of Ohio, representative W. E. Hill of Illinois, William Donovan, assistant to the Attorney General, Director Lord of the budget and probably Bureau of the Interior, now chairman of the Federal Farm Loan Board.

Wife on Stand Against Mate
SAN FRANCISCO, Aug. 8. (Exclusive)—Holding that a wife may testify against her husband in the event the wife is the victim of the husband's crime, Superior Judge Roche today allowed Mrs. Jeffrey De la Montaña McEwen to take the witness stand and charge Dana McEwen, former San Francisco advertising man now in Los Angeles, with forging her name to documents which asserted that he was her property worth \$14,000.

In the event Mrs. McEwen cannot prove her contention, her testimony will be stricken from the record. The McEwens are separated and an interlocutory decree issued, but it is not yet final, hence they still are husband and wife.

Carpenters Put
on Trial Again

SAN FRANCISCO, Aug. 8. (P)—The third trial of George Peace and Gus Madsen, union carpenters accused of murdering C. W. Campbell, non-union worker, during troubles here last year, opened in the Superior Court here today.

Discrepancies marked the other two trials.

Oklahoma Oil
Curb to Stand

TULSA (Okla.) Aug. 8. (P)—United in their determination to curb Greater Seminole's flow of oil, operators of the district at a special meeting here today again declared their adherence to the conservation plan put into effect last Friday and agreed that it will be continued.

NEWS REEL ACCUSED
OF 'STEALING' FIGHT

NEW YORK, Aug. 8. (P)—The International News Reel Corporation is charged with "surreptitiously" filming the Dempsey-Sharkey fight at the Yankee Stadium, "pirating" the resulting pictures and underselling the company authorized to take the pictures, in a complaint filed in the Supreme Court today by Goodart Pictures, Inc., and the Richard Sporting Club, Inc. The complainants ask an injunction and damages but do not specify any amount.

PROBATION DENIED TO
SAUSALITO EX-MAYOR

SAN FRANCISCO, Aug. 8. (P)—Federal Judge Kerrigan today denied probation to J. H. Madden, former Mayor of Sausalito, convicted with Ralph Owens, Joe Parente and Armando Bonacci of conspiring to violate the Prohibition Act. Madden was sentenced to pay a fine of \$5000 and serve two years in the Federal Penitentiary. The other cases have been appealed to the Circuit Court.

CIGAR CORPORATION
CHARGES SIMPLIFIED

NEW YORK, Aug. 8. (P)—Charges against the Consolidated Cigar Corporation of violating the Clayton Antitrust Act are reduced today to a question of whether cigars of different prices are in competition with each other.

ROMANCE SPANS
HALF-CENTURYOctogenarian Takes Bride He
Had Loved as Girl Back
In 1874

CAMDEN (N. J.) Aug. 8. (Exclusive)—A romance that started with a stolen kiss fifty-three years ago climaxed in the marriage here this afternoon of James C. Angus, 86 years of age, and Mrs. Elizabeth Taylor, 72, after their elopement from New York.

"I stole a kiss from Lizzie in a garden when we first met at the home of a mutual friend in New York in 1874, and we've loved each other ever since," said Angus. "We both got married to somebody else—after that, and did not meet again until a few years ago, when we both had been widowed. She saved my life by nursing me through a critical illness, so now we'll spend the rest of our days together."

HUGE FUND
URGED FOR
EDUCATION

Federation Speaker at
Toronto Session Suggests
\$10,000,000 Goal

TORONTO (Ont.) Aug. 8. (P)—In his presidential address at the opening of the convention of the World Federation of Education Associations here today, Dr. Augustus O. Thomas, commissioner of education for the State of Maine, suggested the raising of a \$10,000,000 foundation fund to carry on the work of the federation.

Internationalism was the keynote of today's addresses, which were listened to by almost 3000 delegates from all over the world. More delegates were arriving on every train.

As it was impossible to open the introductory general session in Vancouver Hall this afternoon with any national anthem that would suit all the music for "God Save the King" was played and sung by those who knew it.

Among the speakers today was Dr. M. Sawayanagi, member of the House of Peers of Japan and president of the Imperial Japanese Education Association, Tokyo.

Western people do not know Japan as well as Japan knows the West," he said when pleading for the abolishment of which he is head.

Dr. Sawayanagi emphasized the idea of brotherhood, which depended, he said, mainly on education.

New Record for
Parachute Leap

CINCINNATI, Aug. 8. (P)—A new world's record for delayed parachute jumping was set by Sgt. Paul A. Dewesse, who nearly lost his life as he fell 2100 feet before attempting to open his parachute.

When only 400 feet from the earth Sgt. Dewesse, who is attached to Watson airport, opened the parachute. The huge canvas opened with a crack, splitting in half from the velocity of the wind. However, the fall was sufficiently broken to save Dewesse's life. Physicians worked fifteen minutes before restoring him to consciousness.

The leap was made from Lieut. Watson's plane at a height of 2500 feet.

Carpenters Put
on Trial Again

SAN FRANCISCO, Aug. 8. (P)—The third trial of George Peace and Gus Madsen, union carpenters accused of murdering C. W. Campbell, non-union worker, during troubles here last year, opened in the Superior Court here today.

FAITH PARLEY
NEARING CRISISSecond Stage of Conference
Most DifficultDelegates Go Into Secret
Doctrine SessionsUse of Either Apostle's Or
Nicene Creed Urged

LAUSANNE (Switzerland) Aug. 8. (P)—The World Conference on Faith and Order entered the second and perhaps most difficult stage of its work today when its 500 delegates, representing nearly all Christian religions, broke up into commissions and began behind closed doors the preparation of reports on the subjects of doctrine which already have been discussed in full open sessions.

These reports are to be presented to the entire conference on Thursday. Since more than twenty different languages are spoken by the delegates, the task of providing interpreters for the commissions and their subcommittees is taxing the resources of conference leaders.

The general sessions have shown there are three main elements represented here. The Anglicans of Great Britain and the British Dominions and the American Episcopalians are one; the so-called free churches, including Methodists, Wesleyans, Presbyterians, Congregationalists, Lutherans, Baptists and other Protestant churches outside the Anglican and Episcopalian churches, constitute the second element, and the third is the eastern orthodox church, represented by a majority of the most powerful patriarchs. It is stated that in assigning places on the program and in selecting chairmen for the commissions every effort has been made to choose speakers representing these elements.

In regard to the question of a united creed, the committee which is dealing with that subject has suggested that "an agreement might be reached that the profession of faith in baptism should be made either by means of the Apostle's creed or the Nicene Creed, or by the acceptance of the substance of one of these creeds, according as any church should determine."

SUICIDE CASE CRITICAL
SAN FRANCISCO, Aug. 8. (P)—Mrs. Barbara Broemer, wife of Dr. Milton A. Broemer of Fresno, was reported to be in a critical condition today following her attempt Saturday to commit suicide in a rooming-house here.

Among the speakers today was Dr. M. Sawayanagi, member of the House of Peers of Japan and president of the Imperial Japanese Education Association, Tokyo.

Western people do not know Japan as well as Japan knows the West," he said when pleading for the abolishment of which he is head.

Dr. Sawayanagi emphasized the idea of brotherhood, which depended, he said, mainly on education.

{ GET A DEMONSTRATION TODAY—learn the thrill of Movie-Making with Ciné-Kodak }

The magic of the silver screen
now brought right into your own home

ONCE again science adds a new joy to the art of living by a wonderful discovery. A discovery that is destined to bring a new entertainment thrill to millions of people.

You've seen professional movies, of course. Hundreds of times. Now science has taken another great step and brought amateur movies right into your home.

Real movies... of people you know. Children you love. Places you go. Movies that you've made yourself are now easy to show on your own silver screen.

Home movie making—simplified
Anyone who can take an ordinary snap-shot can

NOTE THESE AMAZING FEATURES
1. No focusing. 2. No tripod. 3. Two fingers. 4. Small in size. 5. Light in weight. 6. Spring motor driven. 7. Integral winding arm. 8. Exposure guide on camera. 9. Daylight loading. 10. Conveniently shaped and easy to carry.

make a Ciné-Kodak Movie. The camera is simplicity itself! You sight it either from waist height or eye level. Then just press a button... instantly it whirls into action... every scene before you, every changing sequence of light and shadow... is registered for all time on your film.

No focusing. No tripod. No grinding crank. Just a simple button to press when

you wish to make a picture. A simple action, spring-driven motor does the rest.

Ciné-Kodak embodies forty years' experience in developing picture-making methods for the amateur. Unbiased by the prejudices of professional camera design, the new "still" photography so easy to make home movie-making simple for you. Today a complete fit, Ciné-Kodak, Kodascope, Screen, may be had for \$140. Come in for demonstration.

STOCK PRICES
AGAIN DECLINE

(Continued from Tenth Page)

the maximum permitted for any single session under the present trading rules. Wheat futures advanced about 3 or 4 cents a bushel with substantial increases in corn and other grains.

There was nothing in the day's news to account for the renewed selling of stocks, which was generally construed as a further correction of a weakened technical condition. There appeared to be a further liquidation of stocks bought last week for supporting purposes, as well as rather heavy short selling in some of the recent industrial favorites.

POLITICS ENTERS AGAIN

President Coolidge's announcement that he did not choose to run in 1928 was again brought forward as an adverse market factor, although it appeared to have been forgotten in the closing days of last week. Some apprehension also developed over possibility of further bombing outrages and their effect upon the market.

Selling of stocks evinced a wide assortment of issues with final quotations disclosing a rather long list of net declines ranging from 1 to 7 points. There were a few conspicuous exceptions to the general downward trend, notably Bethlehem Steel common, which closed 60 to a new high, and Electric Boat, Lima Locomotive, New York Dock, Paramount-Pamona Players and Sterling Products.

Selling was most effective in such high-priced issues as Allied Chemical, Brooklyn Union Gas, Case Threshing Machine, Collins & Aikman, Commercial Solvents B. Dupont, Houston Oil, International Harvester, National Surety and Timken Roller Bearing, all of 4 to 7 points on the day. General Motors sold down 4 points to 22 1/2, and a number of points, and United States Steel common showed a net loss of 1-3/4 to 15 1/4.

FAVORITES REVEALED

Bulls yielded with the industrial, rather substantial losses being shown by such recent favorites as Atchafson, Atlantic Coast Line, Erie second preferred, "Great Plains," St. Louis-Southwestern, Union Pacific and Wash common.

In some quarters there was a tendency to attribute the reaction to the disappointing response of the market to the reduction in the New York Federal Reserve discount rate, with its emphasis on easy credit conditions. Banks called about \$15,000,000 in loans during the day, but plenty of funds were available at the call-money renewal rate of 3-1/4 per cent, which was maintained all day. Time money and commercial paper rates were unchanged.

The strength of cotton reflected the unexpectedly low government estimate of 13,500,000 bales for the growing crop, or more than 1,000,000 bales below private estimates. Reports of unfavorable weather contributed to the strength of the grain markets. Coffee and sugar showed little change.

Establishment of a new high level for the year by sterling following the foreign exchange market, cables on London crossing \$4.88 for the first time. Other rates held firm. French francs again quoted above 3.91 cents.

REMEDY SOUGHT
FOR BOND GLUT

(Continued from Tenth Page)

united by the syndicate. To encourage distribution, the syndicate has indicated in many instances that they would be ready to cut their own profit close on the unsold bonds and give the dealer a liberal commission to do the job for them.

If the plan works it would move more bonds into investment hands far more permanent than the case when the syndicate turns the unsold portions back into the open market. Its approval already by more than fifty dealers at least indicates that, in the face of a glut of syndicate notations, the retail houses feel that if given a chance they could open avenues of demand not known to the wholesalers.

Practically how the syndicate houses and dealers in the financial district work out the proposal now under consideration is not of so much importance as the fact that the problem is up for discussion. This summer of 1927, the first time since 1924 when after an excessive emission the bonds returned to embarrass the syndicate and for a long time have been pointed out as such a failure have felt that some day a way would be found to place the excellent distributing facilities of the numerous dealers more directly at the disposal of the wholesalers.

For their own failure to judge the market, the syndicates this summer have themselves in part to blame for the situation that developed. Prices asked for offerings were higher than the public was willing to pay. In the final analysis, all new issues are bound to seek their own natural market levels, but a better organization for retail distribution would be a material aid in leveling down the peaks and evening up the valleys now encountered too often.

Let Reason Dictate

OUND investment is largely a matter of sound thinking. The investor who seeks SAFETY should consider, above everything else, security of principal and certainty of income, at a fair biological rate of interest.

Any other process of reasoning leads inevitably into the field of speculation.

There is no need for any person to take chances when an investment thoroughly secured by the best type of improved real estate, and guaranteed by an institution with resources of \$100,000,000.00, is obtainable in amounts of \$100 and up. Investigate.

NEW YORK CURB STOCKS

NEW YORK, Aug. 8. (AP)—Selling pressure was heavy in the curb market today, and while attempted rallies arose from time to time, the list closed generally lower. A handful of stocks stubbornly contested the main tendency and moved to the right. Levels, but the new peak prices which have featured many recent sessions were notable only for their scarcity. Standard Oil of Indiana was the sole outstanding exception, and its gain was small in the face of heavy offerings. Other oil shares were practically at a standstill.

Glen Alden Coal scored a quick advance to 181 1/4, just below its peak price, and closed at 179, a net gain of 7 points. American Rolling Mills, Metropolitan Chain Stores, Nelson Brothers and Brockway Motors were also among the few strong spots.

The selling movement attained its greatest force against several of the recent favorites, which have been advancing rapidly. Royal Baking Powder broke 10 points to a few odd-lot sales, and Johns-Manville and Deere & Co. lost 2 1/2 and 3 1/4, respectively. Losses of 1 to 2 points were numerous, affecting such issues as Grand Stores, Commercial Solvents (new), Richmond Radiator, United Artists Theaters and Philip Morris, the last named falling to 10 1/4, a new low price.

Utilities in most instances were rather heavily offered, but freely absorbed, losses being limited to fractions. Some of the railway shares also were heavy, notably New York Central (when issued), which sold down nearly 3 points.

The closing price is quoted when same is the case, and both low and high prices are given.

Standard Oil of Indiana 181 1/4
American Rolling Mills 179
Metropolitan Chain Stores 178 1/2
Nelson Brothers 178
Brockway Motors 177 1/2
Royal Baking Powder 176 1/2

MARKET FLASHES

NEW YORK, Aug. 8. (AP)—Stocks weak; popular issues touch lowest prices of current decline.
Bonds steady; high-class railway bonds at 100.
Foreign exchange firm; yen jumps 10 points.
Cotton strong; government estimate million bales below expectations.
Sugar very low; market.
Coffee higher; favorable Brazilian news.
Hemp steady.
Chicago, Aug. 8. (AP)—Wheat strong; Corn higher; predictions low temperature.
Cattle irregular.
Hogs steady to higher.

RUBBER MARKET

NEW YORK, Aug. 8. (AP)—The outside rubber market, disclosed an easy tone indicating the reported increase in London stock on basis New York and shipped at 1.15 with value transacted at 55 1/2-56 at the time. London value was about 1.15, a decline of 1/4 cent.

Latex stock reached a total of 44,177 tons of 551,000 above that of the previous week. Traders and brokers anticipate better prices for the commodity as they claim rubber production is nearing the stage where the Bureau Am. will supply its effect. The trade is also expected that present price levels for raw rubber should be maintained to be near bottom and that accumulation of the commodity should be taken advantage of around the present quotations, which would well compensate those in the near future.

Today's quotations:

	Sept.	Oct.	Nov.	Dec.
Standard (rubber sheet)	20 1/2	21 1/2	22 1/2	23 1/2

ENGINEER TO VISIT SEARCHLIGHT MINE

M. W. Friesler, mining engineer of Los Angeles, and president of the Riverview Gold Mining & Milling Company of Nevada, has gone to the property near Searchlight to complete plans for installing new mining equipment. Company officials assert that the "Riverview" vein system is on the strike of the Quartzite vein at Searchlight, and that of the Gold Roads, Oatman district, which lies in sight of Fourth of July Mountains. The combined properties of the two districts have produced more than \$50,000,000 in gold, it is said. The company's officers are: M. W. Friesler, president; Robert Ray, vice-president and superintendent; A. S. Henderson, secretary, with F. A. Stevens as directors.

OFFICERS AND DIRECTORS
BURTON N. ARNDS, President
ARTHUR L. WASHBURN, Vice-President
GLEN H. BOLLINGER, Secretary and Treasurer

CALIFORNIA CORPORATION

The Sparkletts Artesian Water Company is a California Corporation incorporated November, 1925, with an authorized capitalization of \$500,000, and is considered one of the most progressive companies engaged in the bottling and distributing of bottled drinking water on the Pacific Coast.

The Company is now selling and distributing its naturally pure artesian drinking water under the registered trade name of SPARKLETT'S in 5-gallon bottles, to approximately 25,000 homes and offices.

EARNINGS

Attention is drawn to the fact that dividends and earnings on this Preferred Class B Stock are not limited to 8%, all Preferred Shares having the SAME EARNING POWER as the Common Shares in ADDITION TO THE 8% cumulative Dividends.

SPARKLETT'S SUPPLY

The famous Sparkletts Artesian supply is free flowing and has a capacity of over 40,000 bottles a day, or more than one million bottles per month, with no necessity for storage tanks, reservoirs or pumps. Since this supply is located on the company's property at 4516-18-20 York Boulevard, THERE IS NO MANUFACTURING COST, FOR SPARKLETT'S IS A NATURAL PRODUCT.

SPARKLETT'S DEMAND

The demand for Sparkletts Bottled Water is enormous and is constantly growing, from one thousand to three thousand new customers being added every month. Delivery is being made to thousands of homes and offices each day.

DIVIDENDS

SPARKLETT'S HAS NEVER PAID LESS THAN 15% PER ANNUM ON PREFERRED SHARES. The Sparkletts Artesian Water Company has always been

a consistent dividend payer and is on a current dividend paying basis now. Dividends have been paid every 90 days since the Company was three months old. The 8% Cumulative Preferred Shareholders have never enjoyed less than 12% per annum, paid quarterly. On June 30 dividends equalling 12% per annum were declared, payable to all Preferred shareholders of record as of June 30th, 1927.

SHAREHOLDERS

At the present time practically every Shareholder of the Sparkletts Artesian Water Company is a Sparkletts employee or a Sparkletts user.

CLASS B PREFERRED STOCK VERY UNUSUAL

This offering of Class B Preferred Stock has full voting power, rights and privileges. It draws 8% cumulative dividends and in addition thereto an amount equal to whatever dividends are earned by the Common Stock until such time as the Class B Preferred Stock has received a return of 80% more than par, or a total of 150% per share, after which time this Preferred Stock automatically becomes Common Stock and thereafter enjoys the same earning power as the Common Stock.

MANAGEMENT

The management of the business is in the same capable hands that originated the Sparkletts Company. They have proven beyond any question, their ability to operate in an intelligent and successful manner.

ADDITIONAL CAPITAL FOR EXPANSION

The proceeds from this issue will be used for the general expansion of the business, paying for additional property recently acquired, and other corporate purposes, and should enable the Company to furnish Sparkletts Water Cooler Equipment to a sufficient number of additional customers to increase the Sparkletts sales, at least, 100,000 bottles per month.

These Shares are offered at par (\$100 per share) subject to prior sale when, as, and if issued, and the right is reserved to refuse any or all subscriptions in whole or in part.

SPARKLETT'S ARTESIAN WATER COMPANY,

NEW YORK BOND PRICES

NEW YORK, Aug. 8. (P)—The upward spurt of bond prices which accompanied the reduction of the New York Federal Reserve Bank's rediscount rate, was checked today, at least temporarily, as recent buyers moved to liquidate some of their holdings and take profits. Easing tendencies appeared in many sections of the list, but the market still possessed a solid foundation.

While softening prices now and then are inevitable, no generally drastic reaction is expected in bond circles as long as the current period of easy money endures. An important factor in the current trend is the absence of competition from new issues, which exerted a powerful influence on the market during the late spring and early summer. The recent surge of buying is believed to have eliminated much of the surplus which for weeks cluttered the dealers' shelves.

Today's transactions fell back into the midsummer average in volume, aggregating around \$8,000,000. High-grade rail mortgages were rather soft, fractional losses being recorded against such recently strong issues as Chesapeake 5s, Missouri Pacific 5s and Union Pacific 4 1/2s. Convertible bonds sold down in the wake of the related stocks, Erie D 4s receding more than 5 points and Delaware and Hudson 5s about 2. Brooklyn Union Gas 5 1/2s got down to 280, 7 points under the recent peak.

A few industrials displayed strength. Schenck 6 1/2s reached a new high for the year and gains of a point or so were registered by Murray Body 6 1/2s and National Dairy Products 6s. North American Edison 6s featured the utility group by moving up.

Interest in foreign securities shifted to South American obligations, Chilean 5s and 7s reaching new peaks, and Montevideo 7s and Brazilian 6 1/2s encountered good demand. Belgian 6s also bettered their previous best price, but some of the French, Polish and German bonds were heavy.

The authorities represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the open market. To transact, close is settled when sales in lot and bulk are made and when sales in high.

DOMESTIC

FISHER'S WEEKLY INDEX

(Copyright, 1927, by Irving Fisher)

The following table shows the average movement from week to week: (1) of the wholesale prices of 300 representative commodities (from Dun's Review), and (2) of the purchasing power of the dollar.

Index	Number	Power
1913	100	100
1920—May (peak of prices)	247	40.5
1922—January (low)	125	122.5
1922—Average	177.7	68.4
1924—Average	149.3	67.0
1925—Average	159.3	62.9
1926—Average	151.3	66.1
1927—January average	143.0	69.9
February average	140.7	71.1
March average	140.0	71.4
Quarterly	139.9	71.5
May average	139.8	71.5
June average	139.4	71.7
Quarterly	139.4	71.7
July average	138.7	72.1
Week ended August 5	138.7	72.1

Associated Oil Planned
Reports from the Ventura-avenue field are to the effect that the Associated Oil Company has started a local strike in the north end of the field. It is reported that this hole will be put down within 100 feet of the Magnesium well. The general expectation is that the Magnesium well, which is only a short distance north of the Associated Oil well, will be a producer, and that the latter will be a producer, and that the latter will be a producer.

Will Abandon Section
Reports from the Ventura-avenue field are to the effect that the Associated Oil Company has started a local strike in the north end of the field. It is reported that this hole will be put down within 100 feet of the Magnesium well. The general expectation is that the Magnesium well, which is only a short distance north of the Associated Oil well, will be a producer, and that the latter will be a producer, and that the latter will be a producer.

Gas Excavating Dry
Geologists for various companies which are interested in the Ventura-avenue district near Bakersfield, have gotten a "close-up" of the Pacific Eastern Production Company's well, and are inclined to think that it is unlikely to be a big producer. They base their conclusions upon the fact that the gas which blew from the hole for several days, along with a fine spray of oil, was decidedly dry. The gas was not only dry, but it was also very light, and it was also very light, and it was also very light.

FORD AIRLINE ON COAST PLANNED

California Centers and City in Texas to be Linked

Chicago Run Proposed With 100-Passenger Plane

Other Interests in Passenger and Freight Project

The Ford enterprises soon will connect El Paso, San Diego, Los Angeles and San Francisco with an air transportation system and ultimately operate a 100-passenger plane between Los Angeles and Chicago, it became known yesterday at the offices of the State Corporation Department here.

Preliminary but definite plans to this effect were disclosed at a conference between Chief Deputy Corporation Commissioner Walther and J. L. Maddux, Ford representative at Los Angeles.

According to Walther, presentation of the Ford air service plans to the corporation department was preliminary to the formation of a California corporation and the filing of an application for permission to issue stock.

The conference was conducted in order that Maddux might receive full information with regard to the manner in which the application should be made to prevent delay or legal complications in the issuance of a permit, Walther stated.

PROJECT OUTLINED

The plans outlined by Maddux to Walther call for the organization of a company, capitalized at \$5,000,000, whose planes would connect El Paso, San Diego, Los Angeles, San Francisco and other principal centers.

The company, according to the plans, will probably operate twenty-two passenger planes, fifteen of which will be actively engaged on schedule in carrying passengers and five of which will be used as sight-seeing air buses in and around Los Angeles.

Walther also was told that the company proposes to purchase a 500-acre landing field near Los Angeles at a cost of approximately \$1,500,000.

HUGE PLANE BEING BUILT

It is the intention of the company to place several twenty-five-passenger planes in operation in California at a later date and ultimately to operate a 100-passenger plane that will cover the distance between here and Chicago in ten hours, Maddux is quoted as saying.

This plane, it was stated, now is being constructed in the Ford factories in the East at a cost of approximately \$1,000,000. It will be equipped with dining service and berths, and according to present plans set forth yesterday, it will make no stops en route, but passengers desiring to get off at way points will be lowered to the earth in small cars attached to parachutes.

SOUTHLAND VALLEYS AND BAY CITY TO BE LINKED

Announcement that Los Angeles will be linked with the San Joaquin and Sacramento valleys and San Francisco by a new airplane passenger and freight service to start early next month was made at a luncheon yesterday by Maj. J. Spaulding Edwards of the Valley Air Service, Inc., with headquarters in Sacramento.

According to Maj. Edwards, five Fokker airplanes already have been purchased and are only waiting until they can be equipped with Wright whirling motors before being launched in the initial flights of the new service.

Thirteen others of the same type have been ordered and will be placed in the service soon after it is started, he said. If the patronage obtained by these planes is sufficient to warrant such a move other planes capable of carrying twelve passengers will be added to the equipment.

SOUTHERN TERMINUS

Los Angeles, according to Maj. Edwards, will be the southern terminus, but operations may be extended to San Diego if there is sufficient demand. Other stopping points, according to the plans announced by the major, will be Bakersfield, Fresno, Merced, Stockton, Redding at present, and eventually Portland and Reno.

The opening schedule will call for one airplane and one departure a day, according to the announcement. Passengers will be carried for 12½ cents a mile and freight for four-tenths of a cent per pound mile.

LANDING FIELD SOUGHT

Maj. Edwards' present visit to Los Angeles is for the purpose of selecting a landing field and making arrangements for a permanent terminal. It is stated that the United States Organized Reserves, Northern California district; C. R. Woodruff, president and manager of an auto bus and body manufacturing company in Sacramento; William B. Madigan of the Paramount-Pamous-Lasky Corporation; M. E. Brockman, capitalist; Dr. C. B. Jones, Sacramento physician and surgeon; and Maj. Edwards.

ENGINEERS TO STUDY CITY HALL MECHANICS

Mechanical equipment of the new City Hall will be studied by delegates to the forty-fifth annual convention of the National Association of Stationary Engineers, scheduled at the Ambassador from the 22nd to the 27th inst. It was stated yesterday by John Topham, secretary. Among the visitors, Topham said, will be many superintendents of public building plants who are interested in novel features of the City Hall installation, some of which will be displayed at the power and mechanical exhibit to be held in connection with the convention.

UNFAILING STRENGTH—I will go in the strength of the Lord God: I will make men of Thy righteousness, even of Thine only. Psalm lxxi:16.

Hands Across Pacific Pledged at Chamber Luncheon

Japanese Officers Honored

Admiral Nagano of Japanese Navy and His Officers Given Formal Welcome to City

Hope that Japan and United States forever will co-operate to maintain the peace of the Pacific was fervently expressed by representatives of the two nations at a luncheon, the Chamber of Commerce gave yesterday for the imperial Japanese navy. Almost 300 persons attended the meeting as the city's social and business circles formally welcome to Rear-Admiral Nagano, his staff and about 150 ensigns of the Japanese training squadron in port here on the Japanese training cruisers Asama and Iwate.

Today Japanese Consul Midzuwawa will entertain a group of the visitors at a luncheon in the Biltmore and tonight he will entertain the rear-admiral and staff at his home. Tomorrow the officers will be on their ships from 2 to 5 p. m. to welcome any visitors who wish to call. On Thursday the party will leave for Honolulu and thence through the Panama Canal for the east coast. Last night the Central Japanese Association of Southern California entertained the officers at a dinner at the Shin Fuku restaurant, San Pedro and Jackson streets. President Taniguchi of the Japanese Chamber of Commerce heads the welcoming committee of countrymen of the visitors. The adult and junior officers are spending several days sightseeing about the city and inspecting markets, studios and particular places of interest.

TOUCHED BY GREETING

"There is nothing so cheering for us weary sailors," Rear-Admiral Nagano said at the luncheon, "than to meet men of your kindness and hospitality at port of call. We look forward to it and remember it long afterward."

He said he is on his fifth visit to Los Angeles, having been attached to the Japanese Embassy for some years, and paid complimentary tribute to the city. He said:

"The declared and growth of your city are wonderful, not only for the sake of Los Angeles or America, but for the sake of Japan as well; for the progress of the world and the necessity of developing friendship between America and Japan must develop its foreign trade and the necessity of developing friendship between America and Japan must develop its foreign trade and the necessity of developing friendship between America and Japan must develop its foreign trade."

We are here in order that our mutual friendship may have opportunity to study this country and her people at close range. The importance of better understanding and warmer friendship between America and Japan scarcely needs to be mentioned. We are the two countries singled out by a kind providence to become the two walls of world peace and harmony. In order to fulfill this destiny we must make a thorough acquaintance of each other.

He made many expressions of appreciation on the part of himself and fellows for treatment accorded them here.

President McGarry of the Chamber of Commerce presided at the luncheon and welcomed the visitors with a membership of 1000, declared that by the hours set in the ordinance for Health Department inspection of the actual efforts of the ordinance will be to compel food dealers to close their places on Sundays as there is no inspection on that day. The actual efforts of the ordinance will be to compel food dealers to close their places on Sundays as there is no inspection on that day.

COMMISSIONER GOES EAST AS MOTHER DIES

Water and Power Commissioner John R. Richards will be absent from Los Angeles for two weeks as the result of the death of his mother, Mrs. Harriet Richards at Lake Geneva, Wis. Mrs. Richards, who was 86 years of age died Saturday with heart failure, after a long illness. The United States Commissioner of the United States Organized Reserves, Northern California district; C. R. Woodruff, president and manager of an auto bus and body manufacturing company in Sacramento; William B. Madigan of the Paramount-Pamous-Lasky Corporation; M. E. Brockman, capitalist; Dr. C. B. Jones, Sacramento physician and surgeon; and Maj. Edwards.

WOMEN VICTIMS OF TRAFFIC

Two Killed in Street Accidents Yesterday; Five Persons Injured May Swell Toll

Two women were killed and several other persons seriously injured in accidents in and around Los Angeles yesterday and last night. Mrs. Marie Cisneros, 45 years of age, of 804 North Broadway, was killed at the Charlotte street crossing of the Pacific Electric Pasadena line when she stepped in front of an inbound car. Her body was taken to the morgue.

Emergency Hospital for cuts and bruises. The accident happened on Beverly Boulevard near the Coast Highway.

Secura Peris, 30-year-old Mexican of 1423 Zaron avenue, San Pedro, sustained a possible skull fracture and concussion of the brain when an

JACOBSON CASE TO GRAND JURY

City Prosecutor Urges Quiz of Plot Charges

Complaint Formally Issued Against Councilman

Woman Named Also Cited; Both in Court

A grand jury investigation of the "Jacobson case," which started with the falling of Councilman Carl I. Jacobson on a morals charge last Friday night, was asked for yesterday afternoon by City Prosecutor Lickley. The investigation, if taken by the grand jury, probably will be started some time next week.

After a day filled with official developments in the already amazing case, Dr. Lickley late yesterday addressed a letter to George H. Walhaus, foreman of the county grand jury, in which he stated that Mr. Jacobson was claiming to have been the victim of a "plot" and in view of this assertion the City Prosecutor said, he wrote calling the grand jury's attention to the matter, so that an investigation can be made if the grand jury wishes to go into the affair.

LETTER TO JURY

The letter follows:

"I have this day issued a complaint against Councilman Carl I. Jacobson, charging him with violating Ordinance No. 4054 (N. S. of the city of Los Angeles) commonly known as the resorting ordinance. I have also filed a complaint against Mrs. Jacobson's alleged companion, Mrs. Hazel Ferguson, charging her with being a disolute person. The charges against Mr. Jacobson and Mrs. Ferguson are misdemeanor offenses. Jacobson claims that he is a victim of a plot.

"As the City Prosecutor of Los Angeles, I am respectfully requesting you to present the whole matter to the Los Angeles county grand jury at your earliest convenience. I would further respectfully request that all persons having information regarding this matter be called before your honorable body."

Captains of Detectives Wallis and Williams, with Detectives Lucas and Raymond yesterday morning called on the City Prosecutor and presented their evidence. A complaint was issued at once charging Councilman Jacobson with having seduced a woman for immoral purposes and a second complaint charging Mrs. Catherine Grimes, wife of Councilman Jacobson, with being a disolute person.

Later in the morning both in both cases was declared forfeited by Municipal Judge Bullock and bench warrants issued when the defendants failed to appear. While police officers were seeking the Councilman, he appeared with Attorney A. O. N. Hilton and Leland S. Davis before Judge Bullock and explained that he had not been notified that he was wanted. He then entered a plea of not guilty and was ordered to appear before Municipal Judge Bullock this morning at 10 o'clock, at which time a date for trial will be fixed.

WOMAN APPEARS

At 3 o'clock yesterday afternoon Mrs. Grimes appeared before Judge Bullock flanked by Attorneys A. P. O. Steffen and Vincent H. Hickson, and informed the court that she believed that she was to appear at last hour. She asked for two days in which to enter a plea and was told to come into court again next Thursday. She was released under \$200 bail.

The four police officers who conducted the raid at 4732 Beagle street, where Councilman Jacobson and the woman were arrested, yesterday filed written reports with the City Prosecutor. In their reports the officers stated that they found the Councilman in Mrs. Grimes' bedroom and that he was partly unclothed. The woman, they declare, wore no clothing at the time of the arrest.

In the reports the police recited that they first took Jacobson to the home of President of the Police Commission Webster and then later to the intelligence offices of the police department, where he was questioned by Dist. Atty. Keyes. Admissions were made by Jacobson, the police state.

Official statements by Councilman Jacobson and his attorneys yesterday denied all of the charges made by the police and denounced the whole affair as a "frame-up." A copy of a letter sent by Jacobson to City Prosecutor Lickley was produced in which Jacobson urged the prosecutor to issue a complaint against Dr. Lickley, said he received the letter early yesterday morning. He also said that on Saturday, last, he found the following in the Los Angeles Herald-Examiner: "Councilman Jacobson called at his offices and begged him not to issue the complaint. 'I guess

(Continued on Page 2, Column 5)

The Lancer

Harry Carr

HAT anybody should deliberately pack up and move out of the White House unless he had to, staggers the average imagination.

But, as Mr. Coolidge seems to have discovered, it is good to have been President; but it is not desirable as a steady job.

It is the greatest honor that can fall to any human being on earth; but it is also the heaviest burden to bear. T. R. is the only President who ever really enjoyed it.

JAPAN RISES PRETTY

Japan has come out of the collapsed naval conference better than either the United States or England.

RUE AHEAD

England has started a ship-building race that will be ruinous to her financially. And impossible of achievement.

She has virtually demanded the right to have the world's greatest navy; but she hasn't the money—if it comes to a test—to outbid the United States.

Japan has the advantage of knowing what she will need in the way of ships. No matter what the sea fights, her battleground will be the same.

KNEES

All these international complications pale beside this one, however.

Paris decrees that skirts must positively screen the knee cap from now on! New York war correspondents, on the other hand, were the breathless tidings that the same half will still be exposed.

The end will doubtless be that those having the correct scenery will display it.

WHITE PAPER

Some day there is going to be a terrible famine of white paper.

The New York newspapers alone dispose of from ten to twenty tons of white paper every day. In New York there are 800 dealers in waste paper. The street-cleaning department collects about 17,000 tons from the streets every week.

Of course, all the forests of the world cannot stand such voracious swaths as cut through the virgin forests every day that looks like the track of a collection of middle-western tornadoes.

HEROES

The tension has been taken, off our nerves. The mask of marvel set on the flag pole longer than the previous flag-pole sitting champion. Los Angeles glows in the glory of being the scene of the contest.

The only thing is, the feat of sitting on a flag pole seems to lack dramatic fervor. Anybody who could sit on a fence rail for seventeen days could sit on a flag pole for seventeen days.

As far as I can see, all the real honors belong to the flag pole.

Prince of Wales With His Party May Visit Here

The Prince of Wales, Prince George and Premier Baldwin of Great Britain have sent word to Col. A. G. Fonseca, president of the Canadian Society of Southern California, that they may visit Los Angeles next month as guests of the society, it was announced yesterday.

A midsummer frolic and ball is to be held by the Canadians at the Hollywood Roof ballroom, 1549 Vine street, tomorrow evening. Don Juile's French-American Band will provide the music.

AUNT HET

BY ROBERT QUILLLEN

"The man that talked at our church Sunday wasn't a preacher, but he was entitled to respect an I called him 'Professor'."

CITY REPAYED BY
POWER BUREAUTaxpayers' Four-Year Fight
Succeeds at LastMoney for Jazz Bands to Aid
Bonds Comes BackVital Principle Involved in
Victory for People

The victory of the people, through W. W. Mines, as a taxpayer, to compel the repayment to the city treasury of \$12,415.15 illegally spent by the Municipal Power Bureau for jazz bands, banners and other political campaigning on behalf of the \$35,000,000 power bond issue of 1923 was consummated late yesterday when the money was paid back to the taxpayers of the City Hall.

L. M. Anderson, controller of the Power Bureau, at 4 o'clock handed to Acting City Treasurer McPherson, a cashier's check for \$12,415.35. The check was deposited to the power revenue fund, from which the campaign expenditures had been illegally made. Mr. Mines, as a taxpayer, asked to have replaced in the city treasury \$12,415.15. He was in the Superior Court, and the California Supreme Court upheld the Superior Court and recently denied the Power Bureau's application for a rehearing.

The additional \$204.20 paid in to the treasury over the judgment of the court represented interest at 7 percent on the original award and the court costs. So by the payment made yesterday the taxpayers won a complete victory.

FRUITFUL VITAL
Mr. Mines and his attorneys, Carroll Allen and Hunsacker, Britt & Co., who had battled for nearly four years on the case, expressed gratification at the consummation of the matter. Attorney Allen said: "The principle involved is a most important one, namely, that city boards and commissions are trustees for the taxpayers and the people of the revenues of their departments and must spend the revenues for only the purpose the law permits. And political campaigning for bond issues and other measures of interest to the department is not one of the expenditures permitted the Power Bureau with public money. The people have won a great victory in this case, and it should stand as a warning to the Power Bureau and other boards and commissions that they are trustees and must not campaign with public funds."

Following the decision of the California Supreme Court in June, last, against the Power Bureau and in favor of W. W. Mines and upholding the decision of Superior Court Judge Butler that the water and power commissions must return from their own pockets or any other private sources they could draw on the \$12,415.15 illegally spent from power revenues for political campaigning, the attorneys for Mines obtained a writ of execution from the Superior Court to enforce the judgment of the court. Levies were then served on the defendants notifying them that the judgment of the court stood against them. In the meantime the defendants, knowing that the day was coming when the cash illegally spent would be called for, had been busy "passing the hat" among friends and employees of the Municipal Power Bureau and the money was raised.

SUES IN 1923
The taxpayer's suit was brought by Mr. Mines shortly after the 1923 power-bond campaign because of the rampant and obvious disregard of the law by the Power Bureau. On behalf of the \$35,000,000 power-bond issue the Power Bureau spent its revenues like a "Coal Oil Johnny" or "Death Valley Society." Members of

Returning Illegally Spent Money of People

Above, Carroll Allen, attorney for W. W. Mines, taxpayer who won suit, and A. J. McPherson, acting City Treasurer, examining the check from Municipal Power Bureau. Below—Facsimile of check drawn for \$12,415.35.

They Had to Hand It Back
The Municipal Power Bureau at-tempted yesterday to carry out the second move in its efforts to nullify a referendum filed against the bureau's independent borrowing ordinance when it sought to have the Council repeal the ordinance against which the referendum had been filed.

POWER BUREAU PAVES WAY FOR BORROWING ORDINANCE
The Municipal Power Bureau at-tempted yesterday to carry out the second move in its efforts to nullify a referendum filed against the bureau's independent borrowing ordinance when it sought to have the Council repeal the ordinance against which the referendum had been filed.

PAIR INDICTED IN BAIL CASE
(Continued from First Page)
for questioning before the grand jury. Murray reiterated last night his statement that Miss Blodgett is one of his key witnesses and that she will be found and taken before the grand jury to testify at its next session Monday.

The week's recess was taken by the grand jury, according to Murray, to enable him to finish preparing evidence in a half dozen other important cases which have been brought to his attention. Other indictments are expected to be returned at the next meeting and preliminary testimony probably will be taken in several new cases.

KNAPP TELLS OF ELUDING DETECTIVES
Seeking to keep one step ahead of detectives, Paul Knapp, former Seattle police officer, charged with escaping from custody of authorities, moved to three different apartment houses in less than a week, he testified yesterday before Municipal Judge McConnell.

"After escaping from Deputy Sheriff Burke and Jones on July 18, Mr. Knapp and myself moved to an apartment which previously had been rented," Knapp said. "However, the police were close on the scent and we moved to another place, and finally to a third apartment."

Knapp, who already is held to the Superior Court on fourteen counts of robbery and assault, was bound over to the higher court on the charge of escaping from custody of deputy sheriffs. He had been taken to his home at 1947 East Fourth street on a court order to have dental work done when the escape was engineered with the aid of Mrs. Joseph Knapp through a trapdoor in a closet.

At the request of Dep. Dist. Atty. Judson, he was set at \$50,000. Mrs. Knapp, who is charged with aiding and abetting her husband escaping from custody, is held on \$10,000 bail.

Loud Snores on Lawn Land Actor in Court
Vigorous snoring on the front lawn of a residence at 1732 Whitley avenue early Sunday morning took Cole Slim King, 56 years of age, cinema actor, into Municipal Judge Turney's courtroom yesterday on a charge of possessing intoxicants.

King, who lives at 1611 North Hudson street, was taken into custody by Officers McMullen and Richardson of Hollywood station after neighbors complained that a stranger was snoring clamorously and recklessly on the front lawn. Nearly a quart of white whisky was confiscated as Exhibit A.

The defendant was given a suspended sentence of \$100 or twenty days in jail.

LEGION ASKS FOR AID
Victory Post No. 54 of the American Legion yesterday asked the City Council for an appropriation of \$250 to needed to send the post's fire and drum corps of twenty-four men from Los Angeles to the Paris, France, convention of the American Legion. The post said its delegates will seek to obtain the 1930 Legion convention for Los Angeles.

WASH PLAN SUBMITTED
The county flood control department has filed with the City Council for its approval the engineering plans for lowering a portion of the floor of the Big Tujunga wash for a distance of two and one-half miles north from San Fernando Road.

PLANS MADE FOR GOSPEL LIGHTHOUSE

Mrs. McPherson's First Unit in New Soul-Saving Plan to Cost \$275,000

(Illustration on Picture Page)
Plans have been completed for the first lighthouse hostelry of Almeda Semple McPherson, which will cost approximately \$275,000. A. P. Leicht, visualizing architect, announced yesterday.

The structure planned will be 150 feet in height, sixty-two feet in diameter at the bottom and forty-five feet at the top, Leicht said. With four stories underground, it will contain 100 rooms, and be erected where the McPhersons have now stands, near Angeles Temple. A \$75,000 gymnasium is planned for temple improvements, Leicht said.

Mrs. McPherson also announced yesterday that another lighthouse, church and some cottages will be constructed at Lake Tahoe. The company has decided her acre of land at Sugar Loaf for this purpose, and the evangelist is to lead a caravan to the lake next Monday to dedicate the ground. The cottages will be constructed at the site, she said, to accommodate the workers at the church.

It was announced yesterday by Attorney Leane W. Roth, representing Mrs. McPherson, that the agreement papers dissolving the partnership between the evangelist and her mother, Mrs. Minnie Kennedy, have been completed, and now are ready for signature. The agreement was turned over to Mrs. Kennedy's attorney, F. H. Whitfield, who conferred with her yesterday.

The terms of the agreement, it was said, will not be made public until the signatures of Mrs. Kennedy and her daughter are finally affixed to it. Mrs. Kennedy is still residing at the home at the temple, and she said yesterday her plans for the future have not been definitely decided, and will not be until her business differences are finally settled.

In response to telegram from Rev. John Goben and Marshall B. Criss, representatives of Mrs. McPherson, offering her services as a speaker at the Iowa State Fair at Des Moines, the Chamber of Commerce there said to have declined the offer with thanks. A message suggested that the evangelist could speak at the fair on the subject of the reply advising that John Philip Sousa was scheduled for a concert on that day, and the other asked that arrangements be made for Mrs. McPherson to ride with Capt. Lindbergh in his plane on the 29th inst. The chamber telegraphed its regrets that the ship is a single-aster.

JACOBSON CASE TO GRAND JURY

he must have had a change of heart," the City Prosecutor declared.

Councilman Jacobson did not appear at the City Hall yesterday.

FIGHT LAUNCHED ON RAIDING OFFICERS

Unanimously passing resolutions in favor of suspending all the raiding officers connected with the arrest of Councilman Carl Jacobson and supporting the Councilman, approximately 800 residents of the Huntington Hills district conducted a mass demonstration at the Rose Hill schoolhouse.

Speakers representing several civic organizations and prominent business men of the district declared themselves firm in their belief that the Councilman was the victim of a "frame-up" and pledged his support in an investigation.

SURPRISE MOTION
Plans for the passing of the supporting resolution were made by R. D. Scales, member of the South Huntington Drive Improvement Association and who acted as chairman of the meeting. The resolution demanding the suspension of the police officers who arrested Councilman Jacobson came as a surprise and was made from the floor near the end of the meeting.

First proposed to ask for the suspension of Detective Lieutenant Lucas, the resolution was amended to include all the officers connected with the arrest of Councilman Jacobson. In support of Councilman Jacobson the following resolution was adopted:

"We the citizens and proper owners, hereby go on record that we have confidence in Councilman Carl L. Jacobson, of the Thirtieth District, and believe the charges brought against him are unjust, and

"We demand that a complete investigation be made of all the facts pertaining to the entire circumstances."

"And be it further resolved, that we believe, that Councilman Carl L. Jacobson is innocent of the charges set forth in the warrant issued against him."

NOISY DEMONSTRATION
All of the addresses were interrupted by noisy demonstrations on the part of the audience and after the regular list of speakers prepared by Thos. Conklin, real estate operator, had been heard from the meeting was thrown open for speeches from the floor.

Among the thirty who made addresses from the platform were Gordon P. Ross, president of the Sereno Improvement Association; William B. Ferguson, president of the Huntington Drive Improvement Association; Peter Mulder, president Greater San Pedro Improvement Association; Andrew Nordstrom, president Metropolitan Southwest Development Association; James Garrison, chairman Hollenbeck and Lorena Street Association; A. H. Stokol, vice-president of the North Hollywood Improvement Association; J. Bruce Goddard, president Co-operative Apartment and Hotel Association of Southern California; T. Hovstad, Los Angeles Oratorical Society; Mrs. Bernice Johnson, Mary Florence Worth, Mrs. Estelle Holman and Robert Hale.

Slayer-Suspect in County Jail

Res Donaciano, 34 years of age, was arrested by deputy sheriff at the Big Tujunga wash last night and booked at the County Jail on a charge of suspicion of murder.

The prisoner is accused of fatally wounding Jesus Campos Saturday night. Campos died at Long Beach yesterday.

ACTRESS WINS WITH DISH-HURLING STORY

Helen Prochaska

Rudolph Prochaska maintained that as a genius he had certain rights, one of them being the privilege of tossing the dishes at his wife, Helen Prochaska told Judge Falk yesterday.

Both are in pictures, she under the name of Helen Dine and he under the name of Rudolph Myers.

"What do you know about the genius business?" Attorney J. F. Friske, counsel for Mrs. Prochaska, asked her corroborating witness.

"Maybe he called it being a genius. I just call it being plain mean," the witness declared. "I never saw a crosser man."

Judge Falk granted Mrs. Prochaska a divorce.

WOMEN AMONG CRASH VICTIMS

(Continued from First Page)

automobile which he was driving struck another driven by J. E. Glymour, 2923 South Western avenue, on Redondo Boulevard two miles north of San Pedro last night. Peris was taken by Glymour to the San Pedro General Hospital.

Abel Anabandis, 8-year-old son of Francisco Anabandis, of 3972 East Second street, received a possible fractured skull and dislocation of both shoulders when he was struck by a car driven by John Moreno, 823 Carmelita street, near the boy's home last night, according to police. The lad was taken to General Hospital for treatment.

JULIAN USURY SUITS STARTED

(Continued from First Page)

other asserted claimant for this money.

"We are continuing our negotiations with other participants in these pools with hope of success, but we trust our action in filing these suits today will be noted by others involved in similar transactions that we expect to go down the line treating all who decline to accept these terms in the same manner by other complaints for treble damages against each and every one of them."

Meanwhile, reconstruction plans for the Julian Petroleum Corporation and the California Eastern Oil Company, its subsidiary, are going forward, according to S. C. Lewis, regional president in charge of the company. He has been asked to voice their approval of the incumbent directorate or to suggest any changes which they deem advisable to strengthen the company.

WORD AWAITED
Definite word from the Los Angeles Stock Exchange as to its attitude towards the rehabilitation plan as outlined recently by Lewis and approved by Julian Petroleum Corporation stockholders also is expected today, Lewis said.

The Stock Exchange has had the plan under consideration for more than three weeks. Denying that the old Julian stockholders' committee which drew up the "seven-point" rehabilitation plan, "providing considerably from this project the terms of the plan are being every possible suggestion which will enable them to perfect reorganization."

"The minds of the committeemen are not sealed against honest discussion," he said. "We believe that a way can be found to safeguard the interests of the thousands of victims. We propose at the earliest possible moment to seek conferences with representatives of the financial institutions, the Los Angeles Stock Exchange, and others."

"In the meantime, in compliance with the second provision of the 'seven-point' plan, this committee is providing legal assistance to those who innocently purchased spurious stock from bankers, brokers and individuals, aside from A. C. Wagy & Co., Inc."

The committee has established offices at 911 Financial Center Building, Horchits announced.

Expert Believes in Annexation of Barnes City

Assistant City Attorney Whitehead advised the City Council that in his opinion the Barnes City District recently annexed to Los Angeles is legally a part of this city. Formerly Barnes City, which is near Culver City, was an independent city, but opponents of the plan of having it a municipality went to court.

While the legal proceedings were being carried out, Barnes City annexed to Los Angeles. The court decision recently held that Barnes City had not really been a city at all and was just county territory.

Mr. Whitehead told the Council that if necessary the Los Angeles City Attorney's office will go before the court and he feels confident that the annexation proceedings will be declared valid.

WOMAN ELECT TRIAL TO EX

Accused of Shooting Husband in Court

Deportation To Stand Trial

Pleads Death For Wife Remains

Refusing to quit as an alternative to a charge of assault on a husband, a woman in the Court's army, was arraigned in Municipal Judge's courtroom.

Prosecutors indicated she was guilty to the charge of shooting her husband in the afternoon following her arrest at 6203 Barton Way.

The woman refused to effect a plea with her husband, who had offered to drop the charges against her wife if she would sign a statement that she might kill him if she remained here unpunished. He asked juvenile authorities to grant a 6-year-old child a preliminary hearing of the case was set for tomorrow, and the court fixed for

Indian Pow-wow in Arroyo Seco

Arroyo Seco in Highland to the scene of an unusual Thursday evening when native Indians of many tribes gathered at the home of Mrs. W. W. Wing, a Klamath, on Warner street. A public dance will be conducted and will be served with an entertainment by Indian singers and dancers by vaudeville artists of the Arroyo Seco community. Among those present were several hundred members of the Arroyo Seco community. The dance will be held at the home of Mrs. W. W. Wing, a Klamath, on Warner street. A public dance will be conducted and will be served with an entertainment by Indian singers and dancers by vaudeville artists of the Arroyo Seco community. Among those present were several hundred members of the Arroyo Seco community.

Mr. and Mrs. L. E. Lampton

Bushman Denies by Cable Rumor of Foreign Work

Reports that Francis X. Bushman, motion-picture star, has deserted Hollywood and hereafter will be identified with British National Pictures has been set at rest. A radiogram received yesterday by Francis X. Bushman, Jr., from the President Cleveland, now in mid-Pacific, said his father will arrive the 15th inst. at Seattle from China.

Two months ago Bushman left for a rest trip to the Orient with a number of his friends and members of his family. The constant playing before the camera since his return to the screen as Messala in "Ben Hur" brought the star to the decision that he needed a rest. Unhappily, he left Hollywood and sailed on the Empress of Canada for Japan.

The night before Bushman left for Vancouver he completed his contract with Universal Pictures.

SPANISH TEXT-BOOK OUT

Designed especially for adult students who wish to learn Spanish, a new text-book and guide, "Outline of Spanish Grammar for College Students," by Dr. William F. Rice, chairman of the Spanish department of the University of Southern California, has just come from the press of Jesse Ray Miller of Los Angeles.

COURT EXTENDS DAM MANDATE

Appellate Justice Ruling to Curb Supervisors

Must Proceed With Original Plans as Voted

Continuance Insures Board's Standing Hunched

Mrs. Alice Garcia

An order made by the Appellate Court yesterday will have the effect of compelling the Board of Supervisors to proceed for one month, at least, with plans for the construction of a high dam at the Forks site in San Gabriel Canyon. On September 13, next, the court will either renew its order or take some other action.

The order made yesterday was for a continuance of the hearing on the petition of H. W. George and others for a writ of mandate ordering the Supervisors to proceed with the erection of the high dam and to prosecute it to completion. It also was ordered that a temporary writ of mandate requiring the Supervisors to proceed with the building of the dam or shall remain in effect during the time of the continuance.

SUPREME COURT ORDER

This temporary writ was issued by the State Supreme Court at the time the date was set by that tribunal for the hearing in the Court of Appeal. Since it was issued the Board of Supervisors rescinded its action authorizing the construction of a low dam at another site and announced its intention to have built a high dam at the Forks site in compliance with the terms of a bond issue which provided \$25,000,000 for that purpose.

Because of this reversal on the part of the Supervisors to the original plan, Attorney Vincent Morgan, their counsel, opposed the issuance by the Appellate Court of a peremptory writ of mandate and asked that the case be dismissed.

Attorneys Walter Hase and James Anderson, representing the parties demanding that the high dam be constructed, held that regardless of the Supervisors' present adherence to the plans incorporated in the bond issue the writ should be issued to prevent their changing their minds and authorizing the construction of a low dam.

Morgan answered this argument and again urged dismissal by declaring that it is now the expressed intention of the Supervisors to build the high dam.

JUSTICE SOLVES PUZZLE

Presiding Justice Works mastered the situation by suggesting that a continuance be taken for one month, in which time the interested parties might be able to reach some agreement which would prevent further proceedings. He also suggested that the temporary writ remain in effect during the interim. This he declared, would in effect give the petitioners what they want, for a time, at least, and would not interfere with the board of Supervisors because they are already doing what is demanded of them in the application for a permanent writ. These suggestions were agreed to by the attorneys and made the order of the court.

It also was pointed out that, if the attorneys desired to continue with the case, they would have to give the board of Supervisors a permanent writ. These suggestions were agreed to by the attorneys and made the order of the court.

It also was pointed out that, if the attorneys desired to continue with the case, they would have to give the board of Supervisors a permanent writ. These suggestions were agreed to by the attorneys and made the order of the court.

Solomon Will Give Party for Local Orphans

Fred H. Solomon yesterday extended an invitation to the children of the Los Angeles Orphan Asylum in Lincoln Heights to attend his annual birthday picnic party in their honor on the 17th inst., at his Topanga Canyon ranch.

Set up as a custom years ago, Solomon annually entertains the orphans with all-day festivities in his birthday anniversary. Leaving the orphanage early in the morning in buses, the children will be taken on a tour of the beaches en route to the ranch.

Substituting for the track meets that featured previous parties, Solomon will dedicate a great outdoor bathing pool in the ranch with swimming and diving contests. Other features will be a luncheon under the sycamores, visits to the aviary and the German shepherd kennels, and a dancing party for the older children.

Terry Rites to be Conducted This Afternoon

Services for Edward H. Terry, president of the Crown Laundry Company, who died at his home at 338 South Serrano street early yesterday, will be conducted from the Brown undertaking parlors, Seventeenth and Flower streets, at 3 o'clock this afternoon. Interment will be in Inglewood Cemetery.

Mr. Terry returned on Sunday from a vacation trip to Canada. He spent the day with his daughter, showing no signs of illness, and suffered a sudden attack of heart disease the next morning. He leaves his widow, two daughters, Mrs. Lloyd Hight and Mrs. Sylvia Irvine, and a son, Edward H. Terry, Jr.

SPECIAL TRAINS TO BRING ENGINEERS

Three special trains will arrive in Los Angeles on the 22nd inst., bringing delegates from the East and Middle West to the forty-fifth annual convention of the National Association of Stationary Engineers. Harold H. Hilton is vice-chairman of the convention committee. Two trains will be routed over the Union Pacific and one over the Santa Fe. Convention sessions will be conducted at the Ambassador Hotel from the 23rd to the 27th inst., and the association during the same period will conduct the Pacific Coast power and mechanical exhibit in the Ambassador Auditorium.

COLONIAL MONEY PRIZED HIGHLY

Owner Offered \$175 for Bill of Seven-Dollar Value

Printed in 1777

A \$7 bill printed 180 years ago was worth exactly \$7, but the same bill today is worth many times that amount, according to T. Kopsland of 321 West Fifth-street, who yesterday exhibited to friends a bill issued in 1777.

Two by three inches in dimension, the bill in Kopsland's possession bears the inscription: "This bill entitles the bearer to receive seven Spanish milled dollars or the value thereof in gold or silver, according to a resolution of Congress passed at Baltimore February 8, 1777. Continental currency, United States Colonies."

Mr. Kopsland said the rare old bill has been in his possession forty years and that he has been offered \$175 for it.

Mexican Film Actress Will Take Vacation

For the first time since her arrival in Hollywood, two years ago, Dolores Del Rio, Mexican film actress, is to have a real vacation. Since Ed- ... brought her from Mexico City she has been consumed in making two pictures at the same time.

Carew had arranged to begin work on "Ramona" within a few days, but surrendered his plans for immediate production in order to give the actress a rest.

Saturday next Senor and Senora Del Rio will board the City of Los Angeles. They plan to return September 2.

Divorce Caused by Hidden Note

If Harold Hammond had not so carefully hidden the love letter it might not have caused him so much trouble; Mrs. Madeline Hammond told Judge Sproul in Superior Court yesterday.

"Just tell the judge how you found this letter," instructed Ernest I. Woodward, her attorney.

"I took his coat to the cleaner," Mrs. Hammond related, "and there was a funny lump in it, and we looked through the pockets. One was sewed up. I ripped it open and this is what I found."

"This" was an ardent mislaid purporting to be written by a woman. Judge Sproul gave Mrs. Hammond a divorce.

OLIVE ASSOCIATION WILL MEET IN CITY

The annual membership meeting of the California Olive Association will be held in Los Angeles Friday, when officers and directors will be elected for the coming year, membership assessments set and consideration given many questions affecting the welfare of the olive industry of California. The present officers are Frank Simmonds, Los Angeles, president; C. H. Cooper, San Francisco, vice-president, and J. J. Hoy, San Francisco, secretary and treasurer. The main office of the association is located in San Francisco, though the membership of the organization is State-wide, including olive producing and packing concerns throughout the Sacramento and San Joaquin valleys and Southern California.

ILLINOIS GROUP TO FIGHT

Natives of Polo, Ill., and vicinity will meet at Echo Park Sunday afternoon at 1 o'clock for a picnic lunch and outing. Mrs. M. W. Meyers, secretary, is in charge of the arrangements.

MEMBER OF THE ASSOCIATED PRESS
The Associated Press is exclusively entitled to
the use for publication of all news credited to it
or to which it has a right of publication. It is
not to be used for other than the purposes
for which it was published here.

The Times alone at all times to be accurate in
every published statement of fact. Readers who
discover any important inaccuracy of statement
will confer a favor by calling attention to the
Editorial Department to the error.

Bad laws, if they exist, should be repealed
as soon as possible; still, while they continue
in force, for the sake of example they should
be religiously observed.

—Abraham Lincoln.

EARLY BUYERS
So long as practically anybody can buy
a plot in this country there is no danger
that the gunmen will not have all they need.

SOUNDS DISCOURAGING
Trans-Atlantic flyers keep a keen eye
on weather predictions. Well, it's easy to
see why none of them would care to fly in
"falling weather."

JUVENILE FAN
The child king of Rumania would rather
play with his dog than with his crown.
In this respect he is very much like any
other kid of his years.

KEEPS BURNING 'EM
Digging up antiquities from under the
lava has been one of the leading Italian
industries for many years—and Vesuvius
keeps right on encouraging it.

BUYING GUM
Uncle Sam's mints turned out more
than 175,000,000 pennies during the first six
months of the year. And many of these
pennies by the gum route go back to the
mint.

PRINCIPALLY
A lot of us who seem very modest and
unpretentious fellows have really princely
incomes—even bigger, perhaps, than that
Prince Carol is getting from Rumania just
now.

HOW THEY DIE
In cautious Bulgaria there is a speed
limit of eight miles an hour. Motor fatalities
are chiefly due to the drivers being
bored to death. The limit for pedestrians
has not yet been fixed.

NESTERS
We may be old-fashioned, but we can't
see any particular glory in just sitting
around, even on a doorstep. The only cham-
pion sitter we have any great admiration for
is a good old setting hen.

WHAT AMERICANS?
A strange reference is made by the
New York Times to "Americans who never
go to the movies." This is too light a
phrase to use in speaking of those who re-
pose quietly in the cemeteries.

PROPER START
Most young couples kiss as soon as
they are pronounced man and wife by the
officiating reverend or J. P. But, according
to the Marquis of Queensberry rules, a good
many of them should more properly shake
hands.

SAFETY TESTS
Test for automobile drivers are an
excellent thing, when applied, which they
sometimes are. So it's rather strange that,
after all these years, no one has thought of
demanding tests before hunters' licenses
are issued to deer hunters.

THE SPEED LIMIT
Motorists who traveled at fifty miles
an hour when thirty-five was the limit are
now trying hard to make sixty because they
have been told that the limit was raised.
All they know about a speed limit is that
it is something they have to beat.

WELL MET
A lot of folks are astonished that
those Indian runners covered so great a
distance in so short a time. But the sunny
South is full of good American darters who
could beat them hollow if only the race were
started at midnight, in a graveyard, just as
a "ghost" appeared.

HOW TO SAVE
"Luxury such as Cleopatra never
dreamed" is the headline of a motor-car ad-
vertisement. Yep, that's so. Most of us
have a mighty hard time getting by nowa-
days, but if we'd only be content to give
up a lot of the luxuries which kings and
queens of olden times never dreamed of we
could be putting money in the bank.

MUCH BETTER JOB
President Coolidge is now Wanblee To-
kaha (Leading Eagle), great chief of the
Ogalalla Sioux, ranking with Sitting Bull,
Red Cloud and two other great chiefs of
the great Indian tribe. No wonder he
isn't worrying about 1928. What Boy Scout
wouldn't "choose" to be Wanblee Tokaha—
Leading Eagle—rather than be the bird that
is guarded by secret service men all the
time.

THE FIRST ADVERTISEMENT
Somebody has found that the first ad-
vertisement ever printed in ink was in a
pamphlet printed in London in 1595. It was
a call for male help at that. Since that
eventful day a vast volume of publicity has
gone over the falls and to some minds
advertising has become the most important
factor in the business world. The printed
page is ever its greatest and most vital
manifestation.

WORK OF PROGRESS
The great public works which have
played so large a part in the development
of Los Angeles have invariably been ham-
pered and delayed by a minority of narrow-
visioned, selfish property owners, usually
spurred on by a few fee-seeking lawyers.
The great majority of the people of Los
Angeles are enthusiastic over the future of
their city and have backed this faith with
a whole-hearted encouragement of properly
conceived projects calculated to make the
city a better place in which to live.

A recent exhibition of the work of those
who say "No!" to anything involving ex-
penditures that would give impetus to the
Los Angeles forward movement was to be
seen in the objections made against the
opening and widening of Tenth street as a
great, wide traffic artery through the city.

The hopeful feature of all this is that in
the end the people win, the courts throw
the objectors and their objections out of
court and the improvements go ahead. Los
Angeles progresses in spite of the efforts
of those who would keep the city in the
horse-and-buggy stage.

The removal of the hill on Seventh street
from Figueroa street west to Lucas avenue,
long under consideration by City Council
and a much-needed improvement, is now
under consideration by the City Council. As
usual the objectors are on hand and threat-
ening that, if they do not have their way,
they will go to court and kill the project.

These enemies of the city in this case are
demanding exorbitant, prohibitive cash dam-
age awards from their neighboring prop-
erty owners as the price of the removal of
their objections. In plain, every-day lan-
guage such objectors are in the hold-up busi-
ness. And their victims are their neigh-
bors, fellow-citizens and property owners
on West Seventh street who, in a majority
petition, asked that the hill be removed at
their own expense so that the business de-
velopment of West Seventh street would
be expedited.

In the end, of course, the people will win.
The Seventh-street hill will be removed and
the development of this part of Los Ange-
les will move forward. But the people of
Los Angeles should know that any delay is
due to this handful of obstructionists who
are now trying to hush Seventh street as
they tried to kill the widening of Tenth
street. Aroused public sentiment against
tactics of this kind should come to the sup-
port of the City Council in the Council's
efforts to bring about a withdrawal of these
few protests so that this worthy and much-
needed improvement can proceed.

WHILE A NATION MOURNS
Wherever Old Glory floats today over
military barracks or public buildings the
flag is at half-mast. Along the winding
road to Arlington National Cemetery the
colors are draped in black. All that was
mortal of Maj.-Gen. Leonard Wood is being
reverently laid to rest with the last sad
honors that the living can pay to the illu-
strious dead.

Soldier, statesman, physician, executive,
author, Presidential possibility, the figure
of one who typified the versatile genius, so
distinguishing a mark of American leader-
ship, has been removed from the varied
fields of usefulness in which he served so
long and with such distinction. But all that
was immortal in the work he accomplished
for his profession and his country is writ-
ten indelibly in the national book of re-
membrance.

How the nation will sum up his career
and his successes in the final reckoning of
the mark he left on the period of his ac-
tivities on earth perhaps we are too near
to the man himself accurately to determine.
He was great as a soldier. His early ability
as a doctor and surgeon was unquestion-
able. He proved himself a clear and cog-
ent writer. In the arena of politics he
once stood near to the Presidency itself.

But with the story of his firm and patri-
otic administration of the troubled affairs of
the Philippine Islands still fresh in our
memories may we not say that it is as an
executive of unusual moral fiber that the
name of Maj.-Gen. Wood will go down with
greatest honors in the annals of American
history?

Tributes to the worth and character of
the man for whom the bugles are sounding
taps today at Arlington National Cemetery
are pouring in from military posts, from
heads of government departments, from
friends and admirers in every State in the
Union. But no tribute throws a more re-
vealing light on the stamina of Maj.-Gen.
Wood than that of Manuel Quezon, Presi-
dent of the Philippine Senate, or that of
Senator Sergio Osmeña, chief opponent of
the Governor's policies, or that of Manuel
Roxas, Speaker of the insular House of
Representatives.

For six tempestuous years Maj.-Gen. Leon-
ard Wood fought for the policies his coun-
trymen asked him to carry out in directing
the destinies of the Philippines. And he
fought for them with the blunt directness
gained from years of service in the Army.
A tribute and appreciation from the leaders
of the opposition to his public acts become
for this reason a seal set on the intrinsic
virtue of the man himself, leaving little
further to be said.

We possessed in Ulysses S. Grant the
most shining example of the soldier called
to direct civilian affairs. As a soldier Grant
ranks so high that none need hope to better
his achievements in the field. But as an
executive we can, without disparagement,
place the name of Leonard Wood above that
of our immortal Soldier-President. The na-
tion mourns for another great American
called suddenly and unexpectedly while the
country was still needing an extension of
his services. What better words with which
to close the chapter of his accomplishments
than those of the world's greatest poet?

He was a man, take him for all in all,
We shall not look upon his like again.

HACKING AT THE FOUNDATION
So-called Godless youth can't be
blamed, when a minister will declare from
his pulpit, as occurred in Los Angeles re-
cently, that "we have not sufficient evidence
to prove that Jesus Christ ever lived." Un-
less Jesus Christ was, the whole fabric of
Christianity is humbug. "The composite
ideal which people have built up during the
last 1900 years, and called the Christ" is not
sufficient, as the minister asserts it to be,
for no ideal founded upon falsehood can
suffice. It is not sufficient because it is less
than the whole, there being ample evi-
dence that Jesus lived.

Aside from the gospel concordance and
aside from recent confirmative archeological
discoveries the first letter of St. Paul to
the Thessalonians is in itself sufficient evi-
dence to one not agnostically-minded. St.
Paul is not writing to confirm the Christian

society in their faith that Jesus lived, for
His life and crucifixion were current history,
known to them as well as we know of the
assassination of President McKinley. Their
knowledge of the fact is assumed, and it
is not to be expected that they would re-
turn. To fortify them he refers to other
Christian societies who like-
wise suffered from those who "killed the
Lord Jesus"—spoken of as a fact known to
them. The assumption of this knowledge in
the Epistles, as in all New Testament
writings, is evidence sufficient, for assump-
tion of the approximately contemporary life
and death of Jesus as the foundation of a
church contrary to the known fact would
have been sheer folly. The church would
not have survived the first generation.

THE LITTLE RED SCHOOLHOUSE
The activity of California in matters
of education is recognized in all parts of
the United States. It is in keeping with
the trend of the times which has seen the
ideals born in the little red schoolhouse of
an older day spread over the world. With
it has gone an increasing appreciation of
the influence which it is capable of exert-
ing even in international affairs.

There is meeting in Toronto, Can., the
World Education Association. The im-
mediate object of the gathering is to secure
the united effort of educators and the
schools of the world to advance not only
education directly—but universal peace. There
are numerous organizations to effect that
end. The League of Nations, with its cost-
ly machinery, has that for its main object.
Actually, however, the starting point of the
campaign to effect that purpose is to be
found in the schools of the world. The
problem is one of education rather than of
politics.

At this association 5000 delegates, repre-
senting sixty-five nations, are in attendance.
Large delegations are present from the Pa-
cific, East, Japan, China and India. The ob-
ject sought is to be attained, not by engaging
the schools to do propaganda work, but by
the simple process of stressing such
branches of the curriculum as diffuse knowl-
edge concerning the nations of the world,
their history and the special problems that
confront each. It is asserted that simply
assuming a kinder mental attitude in
teaching the branches named would accom-
plish much. It is also pointed out that the
United States has a duty in this connection
owing to our prominence in matters of edu-
cation. Eight hundred thousand teachers are
attending to the education of 21,000,000 pupils.
That means that one-sixth of our popu-
lation is being trained for the duties of
citizenship.

Some centuries ago the children of Eu-
rope, enthused by a mistaken zeal, marched
to effect the deliverance of the Holy City.
Now it is asked that the school children of
the world, an army many times greater than
that of the children's crusade, be fitted to
march against the greatest tyrant of all
times to effect the deliverance of the world
from the greatest tyranny ever known, that
of war.

A WISE MOVE
The Capital Journal and the Oregon
Statesman, the two daily newspapers of
Salem, Or., now are operating on an open-
shop basis, it is announced. The change
was brought about because the entire print-
ing crews of both papers had voted to
strike for shorter hours and more pay. The
owners, evidently having had enough of un-
ion domination, promptly assembled crews
from the outside to replace the strikers.
The move is a wise one, as it will enable
the papers to continue their publication with-
out interruption.

This leaves Salem without a union shop
of any size, since the Oregon State printing
plant located there is, at least theoretic-
ally, on an open-shop basis.

The Times, which has been operating with
free labor for many years, predicts from
its own experience that the Capital Journal
and the Oregon Statesman, if they stick to
their announced policy long enough to
give it a fair trial, will never regret it. The
best of their former workers will be apt
to return to them. Men of ability in any
line usually find the union yoke irksome and
welcome an opportunity to break away from
it, since they realize they will be better
off if they are not held down to standards
set by the less competent. The agitators
and the trouble makers will be sifted out
and there will be a net gain all around.

Needed—Stronger Measures

MILLIONAIRE SPORTS
Col. Charles A. Lindbergh is now being
assayed in dollars and cents. Someone
makes an estimate of his possible earnings
the coming year and finds them to be close
to a million dollars. He himself is un-
spooled enough to say that he did not fly
from New York to Paris for money. The
risk would hardly have been worth it.
There are some things finer than either
politics or money.

The annual income of Tunney, heavy-
weight title champion, is rated as high as
a million dollars. Dempsey's annual stipend
is placed at \$400,000 by Fitzhugh Wright
in Success. Dempsey received but \$27,500
for smothering the pugilistic belt from Jess Wil-
lard and then collected \$700,000 for turning
it over to Tunney.

Tex Rickard, promoter, is credited with
riches amassed at the rate of \$300,000 a
year. Delaney, the light heavyweight
champion, is said to make \$250,000.

Babe Ruth, champion home-run swatter,
is chalked down at \$150,000 per annum.
Cobb, top-notch batter, gets \$75,000 and
Judge Landis, baseball boss, \$45,000. Speak-
er, not of the House of Representatives, but
of the baseball outfield, \$60,000. Home runs
appear to be more valuable to the American
people than Presidential signatures.

Gertrude Ederle swims de luxe for \$60,-
000 a year. Hagen, golf champion, gets
\$40,000 a year for teaching the public in
general to putter around. Ten athletes earn
more per annum than forty-four of America's
industrial chieftains.

A millionaire is said to be one who earns
\$80,000 a year. This puts sport far in
advance as the greatest American industry.
It even surpasses politics in Chicago, which
is highly esteemed as a money maker.
"Red" Grange's boot earned him \$300,000
in two years. You can hardly blame him for
putting more into his foot than into his
head. An educated toe is a valuable asset.

There is no law compelling people to go
to prize fights and ball games. On the other
hand, there is no law to stop them. So what
are we going to do about it?

PEN POINTS
Talk of "the next war" finds a
lot of people reconciled to getting
older.

As a final courteous gesture Henry
will offer the new silver at
\$399.95.

Matrimony offers no problems.
Husbands may choose between
court and courting.

A pedestrian will mend, but a
crumpled fender just stays that
way.

Times are back to normal. Real
estate now reminds you of dirt
instead of a sore spot.

If he places his finger tips to
together he likes theories a lot bet-
ter than facts.

With Dempsey in again the land
is about as much interested in
"socks" as in stockings.

The best way to practice Pad-
dock's final leap is to approach a
wire fence with a bull coming be-
hind.

It's no good, Levine. Mere cou-
rage won't make you a young
Swede or Virginian with a winning
smile.

Americanism: Ladies demand-
ing equality and thinking it con-
sists in getting all the aces.

If only all the world spoke one
language. Then they could talk a
quarrel to death.

Science knows everything, except
the limit of vulgar low-brow-
ness to which a magazine can de-
scend and still be a success.

All you really need for garden-
ing is a spade, a hoe, a rake and
a back plaster.

The government hasn't lost in-
terest in the Mississippi Valley. De-
spite the flood there will be a nor-
mal crop of delegates.

Correct this sentence: "We get
a new car when we need one," said
she, "and not just because the new
ones are pretty."

Cheer up. Suppose you did own
the business—how would you like
to be paying a fellow like you the
salary you get every week?

A girl friend says some girls have
such poor style they can't even
wear a coat of tan the way it's in-
tended.

Lives of city folks remind us that
it's very hard to reach public sand
upon a Sunday where there's foot-
room on the beach.

So by now you have probably
found out that the beach shack you
rented last August has a new door-
knob in place of the old rusty latch
and it's a bungalow on that account
and rents for twice as much.

And, say! When Mr. White wrote
that thing about "What's the Mat-
ter with Kansas?" did he think to
say anything about tornadoes?

German postage stamps are soon
to bear the likeness of Gen. Von
Hindenburg, but this time the old
war dog will be licked by the Ger-
mans themselves.

LETTERS TO

The Times

[Name and address of writer must ac-
company all letters for this column. Let-
ters of a personal nature or involving
contentious religious questions are not ac-
ceptable.]

Women Judges

LOS ANGELES, Aug. 5.—[To
the Editor of The Times:] Gov.
Young's affront to the women of
California in ignoring them entire-
ly in his appointments of twelve
judges to the bench should not go
unrebuked by all citizens who have
any sense of fair play. His explana-
tion that there was "not suffi-
cient agreement upon some woman
candidate to justify her appoint-
ment" is tortuous and ridiculous.
With 165 men scrambling for the
job and at most not over a dozen
women, with ability equal to the
average judge, surely the Gov-
ernor did not have such a feminine
avalanche of office seekers as the
men displaced. Women will not
lightly forget this slight—specially
those who have waited for twenty-
seven years since they were given
equal civic responsibility, for a
slight proportionate representation
in the government.

One of the most influential women
in the State writes in a letter
just received by the writer: "Does
the Governor think none of our
women lawyers are excellent? The
requirements of the twelve appoint-
ed?" Every thoughtful citizen will
echo this query.

The voters recently signified the
value they put upon Gen. Bul-
lock's judicial fitness by votes for
outnumbering any of the men can-
didates for judge, yet her ability
and worth were ignored by His Ex-
cellency to please a political and
envyous faction. Although some of
the appointees are excellent
pre-eminently Mr. Aggeler,
Mr. Yankwich, Joe Sproul, Mr.
Fricke—who the writer knows—
and no doubt others. But it is
doubtful if one of these attorneys
has practiced before the United
States Supreme Court at Washing-
ton as Mrs. Oda Faulconer has
done. She is a brilliant attorney,
a noble woman, with a judicial and
noble mind, and should have been
appointed to the Superior bench.
Yet all we asked for her was a mu-
nicipal judgeship. Orpha Jean
Shonts and Mab Copeland Lin-
man should be added to the above
two and four should be on the
bench. We shall hope that our
next Governor will not make whole-
sale gender appointments and ig-
nore the Fortias, the hands that
rock the cradle, create and educate
man and shape his financial in-
tellect and sense of fair play rules
the world. Women will not soon for-
get this slight to their sex. Has
Mr. Governor a male superiority
complex that bugaboo of less civil-
ized ages?

FAITH CHEVALLIER.

Coolidge's Choice

LOS ANGELES, Aug. 4.—[To
the Editor of The Times:] Will
you allow space for a plain guess
what the President meant by his
late statement and why he made
it? To say he did not choose to
run in the straight New England
way of saying that he had come
to the conclusion not to run and it
will be found that he meant just
that and is not playing politics. So
much has been said about a third
term that the President could not
longer delay making a statement
as he is against a third term and
is said to be on record to that ef-
fect. He did not talk about it to
his associates because he knows
some of them are not ready to ac-
cept it and he wanted to free them
from any suspicion that they had
sought to influence him against be-
coming a candidate. The President
has been flattered and tempted to
by interested parties around Wash-
ington for years, but when for the
first time he got out into the real
West he heard plain truths and
that clinched his decision to clear
the track and leave the party and
country entirely free to make its
choice. His decision is wise and
ought to be respected.

W. M. WHEELER.

Dead Sea Fruit

LOS ANGELES, Aug. 3.—[To
the Editor of The Times:] I am
an Arizona and spend most of my
time in the warmest parts of the
desert country between here and
Albuquerque, N. M., and have only
occasionally been afforded oppor-
tunity to visit Southern California.
When, therefore, last Sunday I
took the long-anticipated opportu-
nity to indulge in a swim I did so
with the following surprising items
of garbage which were found float-
ing in the surf in quantity. In ad-
dition to the usual assortment of
seaweed, lettuce leaves, cabbage
leaves, beet-tops, potato parings,
cantaloupes and watermelon rinds
and other vegetable refuse, togeth-
er with a quaint assortment of
chicken heads and entrails. Be-
coming suddenly conscious of chick-
en entrails around my neck I
snatched it off, tossed it violently
away, whereupon a passing sea-
gull on the alert caught and ate
it on the fly.

I was thankful to the gull, but
not to the beach authorities who
allow the most odious collection of
the bathing waters. The same dis-
gusting conditions may be found at
nearly all Southern California
beaches. Cannot something be
done to prevent this inexcusable
condition, this affront to visitors?

JAMES D. DILLON.

SINGING BUG

The music of chirping insects and
stinging frogs, which enraptured
Japanese every spring and summer,
is to be made a big feature of the
new Midway Shrine Park. The
program is to capture tens of thou-
sands of crickets, grasshoppers and
other insects, including singing
frogs, and release them in the park
for the education of the thousands
of Tokio dwellers who gather there.
Peddlers throughout Japan sell the
musical insects in small cages, the
prices ranging from 50 sen to 50
sen (about 25 cents to 25¢).

MY INTERVIEW

GEN. LEONARD WOOD

BY ROCKWELL L. BROWN

The high privilege of interviewing
the chief attractions in the world
in distant lands. I shall never
guard my personal interview with
Gov. Gen. Leonard Wood as one of the most
valuable of my world tour. In his
office in the historic building in
Manila.

The kindly general had at the
time partially recovered from a
grave illness and serious opera-
tion; besides, he was so kind as
to grant a visitation among com-
ing out of the village of Manila.
It was much to ask that I be
me the privilege of a personal
interview. But on entering the
office I was promptly informed
by the general, who was in a
foot and a half, that he was in
perfect health, he did not deem
condition that had been impos-
sible for him to be in Manila.

I had been made aware of the
shafts of criticism that were hurled
at the larger part of the govern-
ment in the Philippines, and the
course of the clamor for his re-
moval. I was told that he was
to listen to some harsh words
concerning certain leaders of the
center of the attack. A single
word of bitterness was directed
against my Filipino host, who
was a human being. On the other
hand, the good Governor, who
words of admiration and praise
for the people of the islands.
Over, he declared, with evident
satisfaction and (I thought) con-
strained pride, that in his
nearly twenty years in the Philip-
pines throughout the islands he
had never received an insult or
mark of disrespect from a single
individual. But he was so
greeted in every village and
roadside with the "Good morn-
ing!" by children and adults
in their homes as well as in the
village centers. When he was
frequently complimented for his
discreet and considerate admin-
istration expressed by some of the
people of the islands.

I attribute the profound respect
in which Gov. Gen. Leonard Wood
has been held for many months
and in the differences in matters of
greatness of the man, and, par-
ticularly to the significance of
his frequent visits to the islands
political enemies, could not
him any motive of promotion
or the slightest hint of ambi-
tion. Here was a great leader
in the Philippines, whom I had
to meet shortly after my arrival
in Manila, and who was so kind
to me, and who was so kind to
the Philippines, and who was so
kind to the Philippines, and who
was so kind to the Philippines.

President Harding, who was so
kind to the Philippines, and who
was so kind to the Philippines, and
who was so kind to the Philip-
pines, and who was so kind to the
Philippines, and who was so kind
to the Philippines, and who was
so kind to the Philippines, and
who was so kind to the Philip-
pines, and who was so kind to the
Philippines, and who was so kind
to the Philippines, and who was
so kind to the Philippines, and
who was so kind to the Philip-
pines, and who was so kind to the
Philippines, and who was so kind
to the Philippines, and who was
so kind to the Philippines, and
who was so kind to the Philip-
pines, and who was so kind to the
Philippines, and who was so kind
to the Philippines, and who was
so kind to the Philippines, and
who was so kind to the Philip-
pines, and who was so kind to the

SOCIETY

BY JUANITA NEAL LEVY

In honor of Miss Dorothy Francis, executive director of the S. Clubs Society, a luncheon and bridge party at Club Casa del Mar, Santa Monica, will be given on Tuesday afternoon at 2 o'clock. The party will be given by the S. Clubs Society, and those in attendance will be Miss Francis, Miss Katherine Reynolds, Miss Adele Smith, Miss Dorothy Williams, Miss Dorothy Baker, Miss Pamela Tyler, Mrs. Samuel Marshall, Mrs. George Home, Mrs. Lynn Hahn, Jr., Mrs. Richard Gibson, Miss Ethel Robertson, Mrs. Charles O'Connell, mother of the hostess, and Mrs. Walter Allen Francis, mother of the honoree.

Gene East
Mr. Horatio Walker, Jr., of the Good Samaritan Hospital, left for Montreal, Can., last Friday, being called east by news of the death of his mother, Mrs. William Walker, who passed away the 5th inst., in London, Eng.

Delightful Affair
Miss Olive Jones, daughter of Mr. and Mrs. George Merritt Jones of Santa Monica, entertained with a bridge-tee at the Cables Beach Club recently in honor of Miss Dorothy Francis, daughter of Mr. and Mrs. George Beldier, of Hancock St., and Miss Salie Smith, who are leaving shortly for an extensive European trip.

Those included were Mrs. Gattlin, sister of Miss Beldier, who assisted the hostess; Miss Dorothy Beldier, Miss Salie Smith, Mrs. Elan Gibson, Miss Allene Hunter, Miss Leonora McGrath, Miss Dorothy Salmon, Miss Frances Buchanan, Miss Virginia Goodwin, Miss Katherine Berry, Miss Virginia Gaylord, Miss Margaret Michael, Mrs. Morris Webster, Mrs. William Gattlin, Miss Elmer Thomas, Mrs. Herwig, Miss Rhonda Hays, Miss Dorothy Pifer, Miss Irma Simpson, Miss Marjorie Jordan, Miss Katherine Berry, Mrs. Frederick Briel, Miss Mary Bart, Miss Alice Olcott, Miss Billie Short, Miss Pauline Barker, Miss Betty McMillan, Miss Billie Harnett, Miss Edwina Vawter, Miss Babbie Coe, Miss Cecilia Zeebink, Miss Ora May Smith, Miss Jeanette Anderson, Miss Scrubbs, Miss Alice Smith, Miss Florence Dunn, Miss Jeanette Wazins, Miss Alice Beldier, Miss Kate Lynd, Miss Bessie Sawyer, Miss Betty Bush, Miss Betty Huet, Mrs. John Phillips, Miss Dorothy Colburn, Miss Virginia Colburn, Miss Billie Hill, Miss Virginia Robinson, Miss Mary Alice Terry, Miss Alice Hill, Miss Alice Henry, Miss Bessie McFadden, Miss Helen Hart, Mrs. George Merritt Jones, the honor guests and the hostess.

Betrothal Announced
Mr. and Mrs. W. E. Cole of 3000 South Magnolia avenue announce the betrothal of their attractive daughter, Miss Kathryn Cole, to Roy Cunningham, son of Mr. and Mrs. C. O. Cunningham, of the same address. The betrothal was given in the home of the bride-elect's parents, and the betrothal pictures of the couple were taken in the tully cards. Miss Cole was graduated from the University of California at Berkeley, where she is a member of the Alpha Gamma Delta sorority, while Mr. Cunningham's alma mater is the University of Southern California. The wedding will be an event of the Christmas holidays.

Entertaining Visitors
Mr. and Mrs. Ben Verscheiser, who have just moved into their new home at 344 South Longwood avenue, are entertaining in honor of Dr. and Mrs. Joseph Fleisig of New York. One of the lovely affairs given by the hosts of the visitors was the dinner-dance in the Indian Room of the Ambassador Saturday evening. Mrs. Fleisig is a sister of Mr. Verscheiser. A number of affairs are being given in honor of Dr. and Mrs. Fleisig, who are here on their honeymoon.

Summering in Canada
Dr. and Mrs. W. F. Philp and their children, Alice, Jane and Jack, are passing the summer in Canada, the native country of Dr. Philp, who was born in Woodstock, Ont., son of Rev. John Philp, D.D., prominent Canadian Methodist minister, who, according to the old itinerant system, moved every three years. The Philps are enjoying a delightful time visiting with relatives in their many homes.

Dr. William Philp of Hamilton, Ont., celebrated his twentieth birthday anniversary last March, is an uncle of Dr. Philp and his home is made a place of many joyous reunions.

In Hospital
The many friends of Mrs. Harold Boyd Hermsman (widow of Jones), daughter of Mr. and Mrs. Mattison Boyd Jones of "Bel-Air" in Kenneth Road, Glendale, will be grieved to learn she is quite ill, having been operated upon last Wednesday evening at the McFee Memorial Hospital in Pittsburgh.

Mr. and Mrs. Jones are in constant communication with Mr. Hermsman and are very hopeful of her speedy recovery.

The Hermsmans have just completed their lovely new house in the eastern city and were about ready to move into their new home. Mr. and Mrs. Hermsman and their wife have visited the Jones' here last winter, leaving for the East late in the spring.

Announcement
Mr. and Mrs. A. L. Davis of 140 South Kingsley Drive announce the engagement of their daughter, Miss Betty Adele Davis, to Harold J. Killen, the wedding to be an event of the early fall at the Little Church of the Flowers in Glendale.

In the East
Mr. Joseph Scott and his young son, Patrick Scott, are in the city guests at the Ambassador Hotel in Atlantic City, N. J. They are on their way home after an extended trip abroad. While in Rome, Italy, they had an audience with His Holiness, Pope Pius XI.

NOTED 'CELLIST VISITS HERE
Russian Giving Concerts in Southland

Mrs. Evel Belousoff

Among the visitors who are enjoying a delightful sojourn in Southern California this summer are Evel Belousoff, the noted Russian cellist, and his attractive wife, who have come from New York for several months' visit. They have taken a house in Coronado and Mrs. Belousoff has given two very delightful programs, one in the galleries of the home of Mrs. John W. Mitchell

and another in the opening of the art galleries of Hermosa-La Jolla. Mrs. Belousoff is giving a concert this evening at the Pacific Palisades, and they are returning to Coronado in a few days, where September 1, Mr. Belousoff is giving a concert in the Mitchell Galleries, with John Donahue, the well-known organist of New York. The Belousoffs are making a leisurely tour through California and the Pacific Coast before returning to New York City in the late fall.

CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southern California Manufacturers' Exhibit, 130 South Broadway.

Breakfast
Sliced Fresh Figs
Eggs Scrambled with Green Peppers
Milk
Luncheon
Deviled Lamb
Hearts of Lettuce, French Dressing
Cherry Pie
Tea
Milk
Melon Cocktail
Olives
Roast Loin of Pork
Carrots, Vichy
Fruit Salad
Boston Cream Pie
Coffee

PEACH BUTTER
Place in a preserving kettle ten pounds of peeled and sliced peaches add to them enough water to just cover and boil, stirring constantly, until thick and smooth. Add six cups of sugar, one teaspoonful of cinnamon, one teaspoonful of nutmeg, and one teaspoonful of cloves; stir and cook until thick as marmalade. Pour into hot jars, seal and store in a cool, dry dark place.

DEVILED LAMB
Mix one tablespoonful of English mustard with three tablespoonfuls of flour, one teaspoonful of olive oil, two teaspoonfuls of vinegar, two beaten eggs and a seasoning of salt and Cayenne pepper; beat smooth, dip lamb in the mixture, roll in flour and fry a nice brown on both sides in hot butter. Lift out onto a hot platter; heat one cupful of milk and stir in the remaining batter, stir and cook one minute and pour over the slices of deviled lamb.

MELON COCKTAIL
Mix equal parts of small balls or cubes of watermelon and cantaloupe with orange juice and a few drops of lemon juice; place in the ice box three hours before serving. Serve in tall glasses with an orange float.

LOIN OF PORK
Rub a loin of pork with a clove of crushed garlic, place on a rack in a roasting pan, brush with melted butter, and add to the pan half a cupful of diced pork fat, and two cloves stuck in a small onion. Set the pan in a hot oven, and bake until a light golden brown, basting over eight minutes; season with salt and pepper and finish baking in a moderate oven until the loin is well done. Remove to a hot platter, skim the grease off the gravy in the pan, add two tablespoonfuls of flour, set the pan on top of the stove and stir until flour is browned, add one cupful of milk and stir and cook five minutes, strain through a sieve into a sauce boat.

CARROTS, VICHY
Wash and scrape a bunch of young carrots, place in a saucepan, cover with boiling water and boil five minutes; drain off the water, cut the carrots in thin match shaped pieces, place in a saucepan, add half a cupful of thick cream and stew until the carrots start to brown, add half a cupful of hot thick cream, cover with salt and paprika and cook until the carrots are tender.

FRUIT SALAD
Mix half a cupful of pitted red cherries with one cup of pitted white

cherries, half a cupful of peeled and diced orange, and half a cupful of diced pineapple. Chill in the ice box, drain off the juice and mix with two-thirds of a cupful of broken walnut meat and two thirds a cupful of lemon French dressing.

Serve on a bed of shredded lettuce leaves.

Mr. W. B. Scott, England's woman motor-racer, has entered speed contests in which she will be the only woman to drive a racing car against men.

BANQUET GIVEN FOR FIRESTONE
Son of Rubber Magnate Going East on Business Involving New Factory

By Myrtle Meyer Eldred
Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

Can't Follow Everyone's Advice
Mrs. T. J. H. writes: "I am in a quandary and am coming to you for help for it seems to me that your answers are always so sane and practical. What can a young mother do when she wants to train her baby in one way and she has to fight her husband, her husband's mother and her own mother because of it? If my husband's mother comes over to the house and finds the baby crying she says because I let him alone. When I know he is comfortable and he cries in a hearty, lusty way and calms down the moment I take him up and he begins to look around with interest, I can't feel that he is being abused or hurt in any way. But a crying baby is like a red rag to a bull and I am a young mother. I seem to me a young mother has hard enough time following out orderly routines with babies when you have a mother-in-law and a mother-in-law of a puzzle, without having the whole family against one. What is the right thing to do?"

Answer: Even the most model baby cries, because crying is part of his day's job and when it is so clearly expressed, in a healthy baby, there is nothing wrong and the baby is a healthy chap, there is no reason to be annoyed or frightened by his crying. Let him cry over with it and he'll calm down without being held. Most grandmothers long for an excuse to hold babies in their arms and comfort them and when they are denied this privilege they are certain to think the baby is being abused. The present mother will some day be a grandmother who will have had such different ideas of what constitutes the proper way of rearing her own child. It is all in the mind of the mother. It is all in the mind of the mother. It is all in the mind of the mother.

Bandit Victims to View Suspect
Victims of recent robberies in the Hollywood Hills are being asked by police to appear at Central Station at 3 p.m. today to look at Arthur C. Bush, 22 years of age, of 203 West Seventy-fourth street, a bandit suspect. Bush was caught early yesterday by Officers Towne and Bain after a two-mile chase on Mulholland Drive, according to their report. They declared he had a pistol in his car and that his front license plate was a fake.

Bush was parked, they said, at a lonely spot, and when they approached to question him he started his car and sped away. Detective Lieutenants Trooper and Taylor are in charge of the investigation.

PAINTER ENDS LIFE WITH BULLET IN HEAD
William London, 32 years of age, a painter of 4417 1/2 South Avalon Boulevard, shot himself in the head at his home yesterday afternoon, according to University police. He died instantly. His wife, who rushed to his side as soon as she heard the shot, could give no reason for his act. The body was removed to the morgue.

Whiten the Keys
Stains on piano keys can be removed with oxalic acid. Keys can be kept white by rubbing them occasionally with a soft piece of cloth wet with alcohol.

HEALTHY DIET ADVICE
By Dr. Frank McCoy
Assistant of The Food and Nutrition

Questions in regard to health and diet will be answered by Dr. McCoy, who can be addressed in care of the Los Angeles Times. Inclose large stamped self-addressed envelope, and take one kind of fruit only as you desire. Q: May ask: "Are plums all right in combination with other foods?"

A: Plums are a good acid fruit but should be used by themselves. In season they give a good nutritious luncheon.

Q: J. T. B. writes: "My feet perspire and have a bad odor. What is the cause?" Is it injurious to health to use remedies to stop this sweating? Kindly advise."

A: I have written a special article on "strong feet" which I will be glad to send you upon receipt of your name and address. It is, of course, injurious to do anything to stop perspiration on any part of the body. The thing to do is to encourage it, but see that the pores all over the body work equally as well as those in the skin of your feet.

BOY SLAYER RESENTENCED
Youth Paroled on Condition He Stay Out of State Seized as Vagrant and Sent to Lone

Paul Daedler, 17 years of age, who was committed to the Whittier State School two years ago for the murder of 6-year-old Arthur Martines of Pasadena, after enjoying several months of freedom following his parole from Whittier School yesterday found himself under commitment to the Preston State School at Lone, where he will serve time until he is of age.

Daedler and William Forrester, now 18, were accused of the murder of the Martines boy, whose body was found in an abandoned factory building in Pasadena in December, 1924. Forrester was sentenced to Lone in March, 1925, and Daedler was committed to Whittier because of his youth.

After serving approximately seven months in the Whittier institution, Daedler was released to his father on condition that he be removed from the State permanently. He was picked up here by the police two weeks ago on a charge of vagrancy, he being declared he had "bummed" his way back to California in spite of the court's order.

The commitment sending the boy to Lone until he is 21 was ordered yesterday by Judge Victor, who is sitting in the local Juvenile Court in the absence of Judge Archibald.

BODY FOUND NEAR RAILROAD
Apparently having been run down by a train near San Gabriel, the body of an unidentified Mexican was found yesterday near the railroad tracks. The body was taken to the mortuary of Uiter & Sons, Alhambra, for possible identification.

Better Than Soda
For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid as soda, leaving the stomach sweet and free from all gases.

Try a 25c Bottle
Insist upon "Phillips." Twenty-five-cent and fifty-cent bottles, any drug store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor, Charles H. Phillips, since 1875.—[Advertisement]

ACTRESS IRRITATED BY RUMORS OF RIFT
Mae Murray and Prince Divani

CHANGE OF ATTORNEYS APPROVED
Substitution by Lita Grey Chaplin in Suit Against Husband Permitted

Superior Judge Beecher yesterday signed an order approving a substitution of attorneys for Lita Grey Chaplin in her divorce proceedings against Charlie Chaplin. Accompanying the order of substitution was a letter from Mrs. Chaplin in which she gave her approval.

By the order Attorney Milton K. Young, Lyndol Young, William E. Young and L. E. Brigham are replaced by Bradner W. Lee and Kenyon F. Lee. Mrs. Chaplin's uncle, Attorney Edwin T. McCurry, remains as one of her counsel.

In withdrawing from the case the Young law firm announced the move was made because of differences in the matter of policy and procedure. At the time it was reported the differences had occurred as to a proposed settlement out of court.

ACTRESS IRRITATED BY RUMORS OF RIFT
Mae Murray and Prince Divani

MAE PLANS FOR RETURN NEXT WEEK

Miss Murray Announces Prince Divani Will Join Her Here at Early Date

Mae Murray, vivacious cinema star, is due back in Los Angeles next week from Lake Tahoe where she will stop for a few days on route home from a vacation abroad. She will go immediately into production on her return, according to friends. David Divani, a Georgian Prince and her latest husband, will join her here shortly, she told a representative of The Times in New York when she disembarked.

Miss Murray expressed considerable irritation over rumors that she and her husband are experiencing marital difficulties. She said he remained in Europe because he is intensely interested in the outcome of the culture of a hybrid tobacco but that he will join her in Hollywood in about six weeks.

"After a vacation of five months spent in Europe with my husband," Miss Murray said, "I am returning to my beloved California. These five months have been the happiest of my whole life. I really never imagined life could be so beautiful or so wonderful. At the time the trip was discussed I was keen to get away and to forget everything, having to do with pictures and business. I wanted to be a private person for a few months and the result has been marvellous. I am filled with energy and desire for my work and, as the cowboys say, 'rearin' to go.' I cannot tell my plans until I reach California and discuss them with my manager as he was not allowed to communicate any business matters to me while we were away. Therefore these months were just an ideal vacation."

Her production plans, which it is declared will take her at once into her work, have not been announced but she negotiated with three producers before leaving, which she did suddenly and without closing anything in the way of contracts. A rift occurred between her and M.C. and her contract with this company was declared off.

Passengers aboard ship when Miss Murray bade her husband farewell at Chabourgue said the parting was most affectionate and that aboard ship the actress was all but disconsolate over the temporary separation.

Western Indians used cactus spines for needles.

In withdrawing from the case the Young law firm announced the move was made because of differences in the matter of policy and procedure. At the time it was reported the differences had occurred as to a proposed settlement out of court.

Suspects Plead Not Guilty to Arcadia Murder

Three youths, accused of the murder of Albert Matthias, police officer of Arcadia, pleaded not guilty yesterday in Superior Judge Stephens' court. They are Roy O'Dell, 18 years of age, Frank Miller, 18, and Billy Montfort, 20. Their trial was set for the 14th inst.

Matthias was shot and killed when he approached three youths in an automobile whom he thought were acting in a suspicious manner.

SCHOOL REPRESENTED AT REALTY MEETING

Mrs. Sara H. VanDusen, head of the real estate correspondence study department of the University of Southern California, and Frank C. Colridge, field representative and organizer of the Trojan institution, left Los Angeles yesterday with a special train of 150 real estate men bound for the convention of the National Association of Real Estate Boards at Seattle, Wash.

Colridge has been in the city with realty boards in fifty communities in organizing real estate study classes and Mrs. VanDusen keeps in touch with new and advanced methods in connection with mail lessons offered by the university.

The "Knack of Managing"

In the hands of the shrewd and careful housewife, family funds seemingly can be "stretched." Some women, the majority in fact, have what is known as "the knack of managing." These are the clever shoppers—those women who study stores and their methods and plan each expenditure long before it is made. Of such it is often enviously said "I just don't see how she does it." A sort of "partnership" exists between the Safeway Man and the managing type of women. She has learned to depend upon him—to use the vast facilities he offers to affect the economies that have gained her reputation for her.

TWO YOUTHS RIFLEBANK AND ESCAPE

Officials and Customers
Covered by Pistols While
Partner Collects \$900

Two armed bandits obtained \$900 yesterday in a hold-up of the City Market branch of the California Bank at 1040 South San Pedro street, then escaped in traffic after walking a block to a parked car. They were described as youths, one large in stature.

They entered the bank during the noon hour and, producing pistols, compelled H. E. Scheid, manager, and B. Woods, teller, to put up their hands and W. C. Hart, assistant manager, Lincoln Trapp, assistant teller, and three customers to lie down on the floor. While one of the pair kept the officials and customers covered the other rifled cash drawers.

They walked out of the bank unhurriedly and attracted no attention as they went to their car, a roadster. No one got its license number. Police thought at first the amount taken was over \$500, but bank officials, after a check, corrected this estimate.

WIDENING WILL BE TOPIC

The widening of Pico street from Alvarado street to Crenshaw Boulevard will be considered by the City Council this morning. This is the last link in making Pico street 100 feet wide from Santa Fe avenue to the west city boundary.

By a vulcanizing process, rubber substitutes are being made from corn oil.

LEWIS'S JURY UNCOMPLETED

New Verdict Called in Effort to Fill Panel

Trial in Federal Court May be Opened Today

Promoter Accused of Using Mails to Defraud

Flow progress was made yesterday in obtaining a jury to try E. G. Lewis and his associates who are charged with violation of the Federal postal laws. Probable jurors were exhausted while all but seven of the thirty-two persons gathered for the jury were excused for cause. A special venire of thirty-five, returned at 10 o'clock this morning, was called by the court and it is expected that selection of a full jury may be completed before noon today. Lewis is co-defendant with Louis Cohen, William Abrams and E. L. Kramer. They are charged in a Federal indictment with misuse of the mails, the government asserting they collected nearly \$1,000,000 through the simple method of offering premiums for life subscriptions to an "Illustrated magazine, the Atlantic Illustrated Review."

Dozens of government witnesses from all parts of the country arrived yesterday to testify at the trial which will be held before United States District Judge Jacobus A. Aronson, sitting in the absence of Judge Edmund Dwyer. Lewis, who has been in the limelight before as the promoter of Atlantic townships, the Lewis Foundation and University City in Arizona, is asserted to have promised to all subscribers to his magazine an interest in oil wells which the promoter said he was to drill on "especially selected leases" in Huntington Beach and Signal Hill. The wells were never drilled and Lewis, who was appointed, the government contends, through Assistant United States Attorneys Simpson and Peterson, who are conducting the prosecution.

DEAD GIRL'S BODY STILL HELD HERE

Daughter of Principal in Double Tragedy Missing from Arizona Home

Pending expected word from relatives of Betty Montague Gottlieb, 25 years of age, who shot and killed Hamilton Mannon, 26, the morning of the 5th inst., and then committed suicide in Hollywood, funeral arrangements still are uncompleted, according to word from the funeral parlors of Leffroy Bagley, 5440 Hollywood Boulevard, where the body is at present.

News dispatches from Arizona yesterday stated that Olgaene Gottlieb, 8-year-old daughter of the dead woman, has disappeared from her home in Phoenix, a letter to the child's grandmother in Nogales said.

The letter, from Annie Cahill, with whom the girl lived while her mother worked in Hollywood, said Olgaene disappeared shortly after the tragedy. Mrs. Dolores Montague, the grandmother, when found in a one-room shack in Nogales and told of her daughter's tragic death, expressed a desire to have Olgaene returned to her.

Betty Montague, as she was known at a local photo studio where she worked part time retouching plates, killed Mannon after an asserted love quarrel, Hollywood police decided after completing an investigation. Mannon was vice-president of the Teat Art Studio.

Rites Arranged in Capital for Lieut. Schulze

The body of Lieut. Leclair D. Schulze, U.S.A., Los Angeles aviator killed last Tuesday at Staircase Field, Mich., will arrive today in Washington and will be buried at Arlington National Cemetery tomorrow at 11 a.m., a message to his relatives here said yesterday. Lieut. Schulze was a son of Mrs. Grace M. Schulze of 5182 Stratford Road. He was 36 years of age.

He was graduated from the University of California in 1915 and took a law degree at Stanford in 1917, then entered the Army after service in France as a test pilot he continued in the air service and was selected as one of the reserve pilots of the around-the-world flight. Maj. Frederick Martin, world flight commander, will be in charge of the funeral services.

Lieut. Schulze leaped from a burning plane and was dashed to earth when his parachute failed to open.

OLD OFFENSE CONFESSED
J. P. Torbert walked into the Federal Building late yesterday and surrendered to Deputy United States Marshal Mangera, stating that he was wanted in Washington, D. C., on a seven-year-old warrant charging him with non-support. He admitted that he left his wife, Marjorie, and two young children. He was placed in the County Jail awaiting word from the capital.

PERSONALITY IN HANDS
It's all wrong to have any sort of picture taken without showing your hands. Almost as eloquent as faces, often more beautiful, the great indicators of character and temperament, hands should always be portrayed. No study of you is complete without them.

Of course, having a picture taken is to most of us what doing tricks must be to the average man. Yet few of us escape this ordeal forever. When it comes, we face the lens in a concentrated effort to look more beautiful than we have any right to be, and feel that the pose of head and shoulders is all we can manage. But, really, what makes a photograph interesting is the degree of individuality it achieves. And for this reason you must include the hands. Here they may be introduced even into a portrait bust is demonstrated by a few of our movie favorites—Killean Bourne in Liberty.

PARAMOUNT'S NEW SUPERVISOR

Producer Signs to Oversee Productions of Jennings; Billie Dove Departs With Willat for East; Jack Mulhall's New First National

BY GRACE KINGSLEY

J. G. Bachmann, film producer in the independent field for many years yesterday accepted an offer to join Paramount as a supervisor.

The announcement was made by B. P. Schulberg, associate Paramount producer, who said Mr. Bachmann would at once assume supervision of the Emil Jennings starring unit.

"Mr. Bachmann has a reputation as one of the most versatile production minds in the motion-picture industry," said Mr. Schulberg. "We called him from independent producing because we needed a man of his training and executive ability."

Billie Dove Leaves
What's sauce for the goose is sauce for the gander, thinks Billie Dove. So when her husband, Irvin Willat, suddenly made up his mind that he simply must go to New York and Washington, D. C., to make scenes for his current Universal picture, "The Big Guy," Billie just as quickly made up her mind that she just couldn't be left alone.

Wherefore, she too, picked up and left. She wired us from a little town in Utah all about it. Here is her wire: "Well, here we are on our way to New York. No one is more surprised than I. Irvin was making a quick trip to Washington for 'The Big Guy,' his train leaving at 6 o'clock yesterday. As I was packing his bags he realized that I was being left behind. So, in went my clothes, too. Shall be back in a couple of weeks."

Jack Mulhall's Next
Jack Mulhall, First National featured player, whose success in "The Poor Nut" and "Smile, Brother, Smile," stamped him as one of the outstanding light comedians on stage or screen, is to have another similar role that should be the best of his career to date.

Mulhall will play the title role in the famous stage success, "The Butler and Egg Man," when it is brought to the screen by First National pictures, according to the studio's announcement.

"The Butler and Egg Man" will probably go into production following "Man Crazy," which Mulhall will make next with Dorothy Mackaill.

Storke Pages Metcalfe Family

As the result of a visit from the work on Saturday, Earl Metcalfe, well-known character actor, is another proud father. His third child, a

daughter, was born to him and Mrs. Metcalfe at the St. Vincent Hospital.

To Film "Paradise Lost"
If nothing goes amiss, Henry Otto is to make a film version of "Paradise Lost," backed by one of the big film companies.

As will be remembered, Otto made a film version of Dante's "Inferno," and did it very well indeed. He showed such a penchant for the production of big dramatic spectacles that he has received the offer to film the Milton classic.

M-G-M. Company Returns
With thousands of feet of dramatic action against the backgrounds of snow-capped mountains towering in majestic grandeur and swirling, tossing, rushing waters of the far North, Metro-Goldwyn-Mayer's unit, which went to Alaska and the Yukon months ago to film scenes for "The Trail of '98," has returned to the studio.

Examination of the takes made in Alaska and the Canadian far North-west show that the unit with its great battery of cameras has succeeded in filming scenes which have never been duplicated on the screen. These were made at the rapids of Copper River far inland from Cordova, Alaska, and Lake Bennett and in the Yukon, where thousands of prospectors made their boats to start the last perilous lap of their journey to the newly discovered gold fields of the declining years of the nineteenth century.

The unit penetrated the great wilderness far beyond the faintest trails of the white man, and suspended their cameras on mobile platforms hanging from cables above the foaming, boiling caldrons and whirlpools of the Copper River.

Defying the elements, wind, rain, snow, rushing rivers and towering mountain ranges, they recorded upon film much of the grandeur of the land little known to the outside world. Almost 100 boats made in Vancouver, B. C., and Seattle were shipped to Lake Bennett, then assembled and used in the very waters described by Robert Service, on whose story the big Clarence Brown production has been based.

Marie Callahan to Depart
That little spit-pint comedienne, Marie Callahan, who establishe adorned the stellar role in the Maclean's production of "Peggy Ann," is about to depart for New York. That is, if she doesn't make a certain picture connection which she has in mind, she will leave us tomorrow.

Miss Callahan, who won all Broadway hearts when she played opposite Eddie Cantor in "Kid Boots" in New York, is to appear in a New York production again next year.

Ted Shawn Engaged
Ted Shawn, noted both as a dancer and as the husband of Ruth St. Denis, has been engaged by Samuel Goldwyn to stage all the dances in Gilda Gray's starring vehicle, "The Devil Dancer."

Shawn and Miss St. Denis recently returned from a long trip abroad.

Hit of Stage and Screen to be Presented

Two of the most popular plays that have been written in the past few years have now been secured by the Morocco for early production. Adding to the recent announcement that "The Last of Mrs. Cheyney" would open at the Morocco Sunday afternoon, the management further states that "Sevenoaks Heaven," the love drama by Austin Strong, will follow the Frederick Lonsdale production.

Both the coming plays will have as stars Kay Hammond and John Little.

"The Last of Mrs. Cheyney" was successful in London. It is also for a lengthy time in New York under the sponsorship of Charles Dillingham at the National Theatre, with Ina Claire in the leading role. When it opens at the Morocco Sunday afternoon Los Angeles people will see it for the first time in a popular presentation.

RUG ATTRACTS EYE
First of Imported Designs Arrives at Grauman's Chinese

Engaging the attention of thousands of visitors by its reputed gorgeousness and striking design, the first of the rugs woven in China for Sid Grauman arrived this week and is laid in the foyer of Grauman's Chinese Theatre.

Coming to revolutionary disturbances in China at the time of the opening of the theater with Cecil B. De Mille's "The King of Kings," shipment was prevented of the elaborate floor coverings for the foyer, which are hand-made from coral samples and designs to comport with the architecture and decoration of the playhouse by craftsmen who have practiced the art of rug cutting for generations.

Sex Drama is New Favorite

Ramon Grrra's sex comedy drama, "The Scarlet Virgin," will today enter the second week of its engagement at the Orange Grove.

Never before in the history of the Orange Grove, according to the management, has there been such an immediate hit as "The Scarlet Virgin." Even the records established by "One Man's Woman" have been smashed, it is said.

The story of "The Scarlet Virgin" is laid in a Mexican border town, with Jessie Arnold and Ruth Saville as keepers of a cabaret. Stafford Clegg Campbell, Ruth Hill, Ella Lee, Norman Petersen, Frank Bonner, the Mexican Troubadors, and others form the remainder of the cast.

"MAKE-UP BY LIGHT" EMPLOYED IN DRAMA

"Electrical cosmetics" are the newest innovations to embellish reigning beauties of the screen, and their first successful use was in "Twelve Miles Out," the feature screen attraction now showing at Grauman's Egyptian Theatre.

The new "make-up by light" was used when Joan Crawford was photographed playing the lead opposite John Gilbert in the adaptation of the stage play. Lights of different qualities, each lending a different photographic value, were projected through a series of "baby spotlights" and "pin lights," which project narrow beams to just the desired spot on the subject's face. The effect is the same as would be obtained with grease-paint, but the time for detailed make-up is dispensed with.

Gilbert was also photographed with the special lighting arrangements in his close-ups in the new picture, which was directed by Jack Conway.

BEERY, HATTON FIND NO FIRES TO FIGHT

Fighting fires was one thing Wallace Beery and Raymond Hatton didn't do in the making of "Fireman, Save My Child," their latest comedy, which opens at the Million Dollar Theatre Friday as that theater's first proffering for West Coast Greater Movie Season.

For a few weeks they thought that there was nothing to the name of "Fireman" at all. They had been called upon to wallow in mud, climb trees, act as janitors, and do almost everything but fight fires. But they finally had their first taste of firefighting.

The pair, emerged from a fire-hose drenching, and Hatton spluttered, "Not so good. However, they insisted that the fire be kept burning until they had a chance to dry off."

"Beat Gests" closes at the Million Dollar Thursday night.

EVENTS COINCIDE
The fortieth performance of "If I Was Rich" at the Hollywood Play House on Sunday was practically coincident with the fortieth birthday of Hollywood. Many of the show's pioneers who celebrated the cinema capital's anniversary are stockholders in the Hollywood Playhouse, which stands on the site of an old dog and apple orchard.

pest has caused the Union of South Africa to prohibit the importation of brooms, brushes and any other articles containing broom corn.

Germans Expect to See Picture

Eric Von Stroheim, who has just finished his Paramount picture, "The Wedding March," will be present in person at the Metropolitan Theatre tonight to see "Metropolis," the magnificent report. Von Stroheim is tremendously interested in this German picture, made after three years of work near Berlin. He will attend the night performance with a party of friends, and will make an appearance.

It will be "German night" at the Metropolitan, and it is expected that many notables of the German Consulate, and numerous actors and actresses who came to Hollywood from Germany will also attend.

In the interior of Turkey transportation is still supplied by oxen, donkey trains, camel caravans and horse-drawn vehicles.

SCHILDKRAUT PLANS BOW AT HILL STREET

Joseph Schildkraut, star of De Mille's production, "His Dog," the photoplay feature at the Hillstreet this week, will make a personal appearance in conjunction with the showing of his picture at the Hillstreet, Friday evening at 9 o'clock.

On Wednesday at the matinee, little Annabel Magness, who is also a feature of "His Dog," will entertain the Screen Kiddies' Circle with a host party at the Hillstreet, and at the Saturday matinee Miss Annabel will make a personal appearance and offer a pleasant surprise for the children.

"His Dog" shows the unfaltering love of a dog for his master Julia Faye supports Schildkraut in the picture.

After pleading that she sold liquor in order to secure money to send her daughter to college, Mrs. Jane O. McMillan of Washington, D. C., was placed on probation by the judge.

Miss Mackaill Goes to Loew's

Tonight marks her first personal appearance at Loew's State Theatre. Dorothy Mackaill, feminine star of "Smile, Brother, Smile," declares that she is "nervous" on the eve of her first public appearance.

Dorothy will be accompanied to the theater by a galaxy of First National officials and featured players, who are determined to make her first personal appearance a gala occasion.

Gene Morgan and the members of the Fanchon and Marco "Idea" plan a novel surprise party for Miss Mackaill.

Rose Bud Yellow Robe, great grand niece of Sitting Bull, and her father, Chief Yellow Robe, will receive President and Mrs. Coolidge into the Sioux Tribe on August 8.

You'll like the NEW HOTEL GEORGIA

IN the metropolis of British Columbia—a district famous for the variety and excellence of its sports—a new hotel has been erected which provides the last word in comfort and luxurious ease for travelers who wish to enjoy the beauties and pastimes of the Province.

Here you will find more than concrete and terra-cotta brick walls beautifully adorned—more than the twelve fire-proof stories with 320 restful rooms. These, with spacious dining rooms, elegant foyer and lounge, and the other appointments and accessories of the most modern type of fine hotel are for the bodily comfort of its guests.

But most attractive of all is the air of genuine hospitality, the pervading friendliness and the way service and comfort conspire to make every guest at once feel "at home."

HEAR SHERIFF'S SIDE OF STORY

Witnesses Favoring Official Before Jury

Santa Ana Investigation to End Wednesday

Fail to Locate Famous "Peapod Physician"

SANTA ANA, Aug. 8.—Nearly a score of witnesses said to be favorable to the administration of the Orange County Jail and Sheriff's office today before the special session of the Orange county grand jury called to sift charges of gross irregularities in the jail and the office of the Sheriff.

Dist. Atty. Z. B. West, Jr., after the session ended today, predicted that the taking of testimony would be concluded by Wednesday noon, the date set last week for the conclusion of the inquiry.

Subpoena for Dr. Rex Herrick, William Albrecht, known in court circles here as the "Peapod" physician, and the "Alfalfa Doctor," remains unserved because of the inability of officers to locate the latter. Dr. Herrick, who is a resident of the county, was subpoenaed to appear at the trial of the case.

On Saturday afternoon half-holiday Costello sits out on his lawn and smokes his pipe, between puffs kidding adjoining neighbors out in the broiling sun with their lawn mowers.

PAIR HOLD OPEN HOUSE TO FRIENDS

Venerable Couple Celebrate Golden Wedding Anniversary at Pasadena

PASADENA, Aug. 8.—Mr. and Mrs. William L. Haskell of South Pasadena will celebrate their golden wedding anniversary at the home of their daughter, Mrs. J. A. Haskell, at 1000 N. Broadway, today.

The couple, who were married in 1877, have been married for fifty years. They have three children: William L. Haskell, Jr., who is a resident of South Pasadena; and two daughters, Mrs. J. A. Haskell and Mrs. J. A. Haskell.

The celebration will be held at the home of Mrs. J. A. Haskell, who is a resident of South Pasadena. The couple will be joined by a large number of friends and relatives.

Blind Alley Bad Place for Bootlegger

TULARE, Aug. 8.—A blind alley through which he hoped to make his escape proved an effective trap for John C. Fullerton, Merced, who was arrested by local police after a lively chase through the night hours, and who is said to have had eighteen bottles of intoxicating liquor in his possession.

NONSTOP FLIGHT STOPS TOO SOON

ONTARIO, Aug. 8.—(P)—An attempted nonstop flight to his former home in Wichita, Kan., ended abruptly after a half-mile in the air for Glenn Lantz, amateur pilot of Upland, and Fred Seor, Ontario aviator, when Lantz's plane went into a tailspin yesterday and crashed in a cranberry grove near here. Lantz purchased the plane two weeks ago and had it refitted with a large gasoline tank to make the nonstop flight. It was two hundred feet high when it went into a tailspin, and Lantz and Seor were slightly injured, the crash being arrested by the cranberry trees.

CONTROL GRASS FIRE

WOODLAKE, Aug. 8.—Control is said to have been established about 2 o'clock this afternoon of a grass fire about six miles north of Woodlake, which broke out yesterday from an undetermined origin in the deserted house on the Harrington place, burning over 3000 acres of land. The house and barn on the Harrington place were razed.

SIX IN HOSPITAL

COVINA, Aug. 8.—Three Glendale youths and three local girls were in the Covina hospital following an automobile accident near here last night. The machine, driven by George White, 20 years of age, of Glendale, struck a chuckhole and turned turtle. Miriam E. Johnson, 18, of Pomona, suffered a broken back. Walter Hodge, 19, and Lawrence Ames, 18, both of Glendale, were seriously hurt.

MAY ABOLISH LAWN MOWER

TUJUNGA Man Hits on Plan to Save 100 Per Cent in Grass-Cutting Labor

TUJUNGA, Aug. 8.—David Costello, pioneer resident here, has hit upon an innovation which is likely to make him rich, his friends assert, if he will go into the business and sell his idea to others.

Costello for some time has maintained that too much time is wasted monkeying around a front lawn of grass. He asserted that the labor and worry expended in trekking behind a lawn mower was a squandering of effort and should be put to better use. As a result, Costello has no front lawn of grass. Instead of the usual verdure the lawn is laid with a rough surface of cement which he has painted the color of dark grass and which can easily be mistaken for the usual lawn-mower fodder. In some parts of the cement lawn small holes have been cut for the planting of shrubs, which enhance the greenness of the artificial glebe.

On Saturday afternoon half-holiday Costello sits out on his lawn and smokes his pipe, between puffs kidding adjoining neighbors out in the broiling sun with their lawn mowers.

WOMAN DIES RESULT OF EXPLOSION

Fatal Accident in Federal Building in San Diego is Caused by Chemicals

SAN DIEGO, Aug. 8.—(P)—Mrs. Mabel Wilmot, who was the victim of an explosion that wrecked the office of the United States public health service in the Federal Building, died at Mercy Hospital shortly after midnight yesterday morning.

Mrs. Wilmot was alone in the office when the explosion occurred. The first explosion was followed by another and a quantity of blazing alcohol was sprayed over Mrs. Wilmot and about the room.

It was the first thought the explosion might have been caused by Sacco-Yannetti sympathizers, but an investigation by firemen and police failed to reveal any evidence leading to the fire. The cause of the explosion is said to be chemicals which were stored in the room.

Mrs. Wilmot is survived by her husband, Mr. E. C. Wilmot, and two sisters, Mrs. Ethel Votaw and Mrs. Clyde D. Horner, both of San Francisco.

Well-Known Minister Dies at Monrovia

MONROVIA, Aug. 8.—Rev. Benjamin S. Coppock, retired minister and former pastor of the First Friends Church in Pasadena, died yesterday at his home, 343 North Encinitas avenue, where he had lived for three years.

Mr. Coppock was 78 years of age. He had made his home in California for the last twenty-one years. During the administrations of Cleveland, Garfield and Harrison he was in charge of Indian affairs in Oklahoma, both educational and industrial, and was a familiar figure at the White House for many years.

He is survived by his widow, Mrs. Julia G. Coppock; a daughter, Mrs. Walter Wilson of Monrovia; and three sisters living in the East.

Funeral services will be held from the Reynolds & Eberle undertaking parlors, Pasadena, at 3 o'clock tomorrow afternoon. Burial will be in Mount Hope cemetery, Pasadena.

Appeal From Decision in Justice Court

SANTA ANA, Aug. 8.—Two speeders sentenced to jail terms in the last several days have appealed their cases to the Superior Court, according to Justice Kenneth Morrison, J. C. Hurley, Newport Beach motorcycle racer, and a friend, appealed their case to the Superior Court.

Justice Morrison said that the appeal was filed by the two men, who were sentenced to jail terms for speeding. The appeal was filed in the Superior Court.

MOTORIST DIES AS AUTOS COLLIDE

BAKERSFIELD, Aug. 8.—Earl V. Mitchell, employee of the Santa Joaquin Light and Power Company here, was fatally injured last night in an automobile collision at the intersection of Twentieth and F streets. An ambulance was called but the injured man died before a hospital could be reached.

Grim Reaper's Triple Toll

HUNTINGTON BEACH, Aug. 8.—Funeral services for three Huntington Beach residents were scheduled to be held this afternoon and tomorrow. The deaths took place Saturday.

The first death was that of Albert A. 52, wife of A. C. Alberts, 218 1/2 street, who died at her home in Huntington Beach. She had been ill for several days.

The second death was that of Mrs. Nellie Middleton, wife of C. W. Middleton, Huntington Beach, who died at her home. She had been ill for several days.

The third death was that of Mrs. Frank M. Graham, father of Mrs. K. M. Sager, Huntington Beach, who died at her home. She had been ill for several days.

LIVED LONG LIFE IN ORANGE COUNTY

SANTA ANA, Aug. 8.—Joel Wilson, 67, pioneer resident of Orange county, died today at the Santa Ana Valley Hospital as the result of a paralytic stroke suffered Friday. Funeral services will be held at 10 o'clock tomorrow morning from the Smith & Tull-chill chapel. Interment will be made in Fairhaven cemetery.

BRIDE OF MONTH VICTIM OF ILLNESS

BAKERSFIELD, Aug. 8.—Mrs. Cressida Eisler Rees, 19, wife of Edward G. Rees, 2521 G street, and daughter of Mr. and Mrs. Henry Eisler, 2229 Eighteenth street, died Sunday at a local hospital following a brief illness.

Prominent in the younger social set of Bakersfield and a bride less than two months, Mrs. Rees' death came as a terrible shock not only to her immediate family, but to scores of close friends in the community in which she had resided since childhood.

She had been critically ill with peritonitis less than ten days. Mrs. Rees' mother, Mrs. Henry Eisler, is also reported to be seriously ill at the family home.

FOOD FOR THOUSANDS

Imperial County Town of Brawley Breaks Record for Shipment of Perishable Products

BRAWLEY, Aug. 8.—Making a record that probably is unequalled by any other town in the United States, shippers here have forwarded to market during the first seven months of this year 13,000 car loads of perishable products, equivalent to nearly two cars for each inhabitant of the town.

Cantaloupes head the list, according to figures disclosed by the railroad company today, with 7419 car loads; lettuce is second with 4133, and watermelons third with 537.

Other products include 380 cars of honeydew melons, 322 cars of peas, 145 cars of tomatoes and 106 cars of greens. The list includes twenty-one different varieties of fruits and vegetables that are shipped out from here to Coast and eastern markets in carload lots.

In addition to these figures given by the railroad, it is estimated that approximately 1300 carloads of vegetables have been forwarded to the coast on trucks from this district during the seven-month period.

WOMAN DIES RESULT OF EXPLOSION

Fatal Accident in Federal Building in San Diego is Caused by Chemicals

SAN DIEGO, Aug. 8.—(P)—Mrs. Mabel Wilmot, who was the victim of an explosion that wrecked the office of the United States public health service in the Federal Building, died at Mercy Hospital shortly after midnight yesterday morning.

Mrs. Wilmot was alone in the office when the explosion occurred. The first explosion was followed by another and a quantity of blazing alcohol was sprayed over Mrs. Wilmot and about the room.

It was the first thought the explosion might have been caused by Sacco-Yannetti sympathizers, but an investigation by firemen and police failed to reveal any evidence leading to the fire. The cause of the explosion is said to be chemicals which were stored in the room.

Mrs. Wilmot is survived by her husband, Mr. E. C. Wilmot, and two sisters, Mrs. Ethel Votaw and Mrs. Clyde D. Horner, both of San Francisco.

Sleeps While House Burns

FULLERTON, Aug. 8.—When James Crowe, 6, son of Mr. and Mrs. Charles Crowe of 119 West Williams street, Fullerton, sleeps, he sleeps, and fire, smoke, noise and confusion have little or no effect on him.

Saturday night passers-by noticed smoke coming from an upstairs window of the house, where the boy was sleeping. The boy's mother, unaware of the smoke until told by firemen, dashed up the stairs to find the boy sleeping. The fire was discovered by the boy's mother, who was awakened by the smoke. The fire was caused by a candle that had been left burning.

WINS SCHOLARSHIP IN JOURNALISM

VENTURA, Aug. 8.—Allen Willard, University of Washington journalism student, has been awarded the first scholarship in journalism from the Ventura County Press.

The scholarship was established by Mrs. Davis in memory of her husband, who was a journalist. The scholarship is awarded annually to the student who shows the most promise in journalism.

OLDEST PHYSICIAN DIES AT FRESNO

FRESNO, Aug. 8.—Dr. W. P. Miller, 67 years of age, one of the most widely known physicians in Central California and a resident of Fresno for thirty-five years, died at his home here yesterday morning.

Dr. Miller was the oldest physician in Fresno in point of years of practice here. His physical condition was aggravated last February when he was involved in an automobile accident.

COSTS MORE TO RIDE STREET CARS

FRESNO, Aug. 8.—Complete re-routing of Fresno street car lines and an increase in the fare of 1 cent, making the fare 7 cents, will become effective September 1st, according to an announcement by the Fresno Traction Company today.

The fare increase was authorized by the Railroad Commission on July 21, following an application by the company, the increase being contingent upon a re-routing of the lines to provide longer continuous operation of the cars.

Make War on Pesky Pests

NEWPORT BEACH, Aug. 8.—A mosquito abatement district to take in the coast line from Newport Beach to the western county line, and a section north of the coast, is being fostered by members of the Newport Harbor Chamber of Commerce.

The chamber as a body is to be asked to sponsor a movement to obtain the district, it is said.

The cost of the work which would be necessary the first year to drain water-covered land and spray bodies of water with oil, is placed at \$40,000. Spreading this cost over the territory to be included in the district, the cost to each owner is negligible, it was stated.

TWO WOMEN INJURED

FULLERTON, Aug. 8.—Mrs. Lena Shillman of Placentia was in the county hospital today at the point of death suffering from a fractured pelvis and multiple fracture of the skull while Mrs. J. F. Bergman of Brea has broken shoulders as a result of a collision late last night between cars driven by G. E. Hernandez of Placentia and Jake Bergman of Brea, according to a report filed with Fullerton police by Hernandez. He and the driver of the other car escaped injury. The Bergman car, a large sedan, struck the other, and both machines were overturned.

NEW COMMANDANT

PASADENA, Aug. 8.—Lieut.-Col. G. H. White, retired army officer, arrived in Pasadena today to take over as the Pasadena commandant of the Pasadena Training Corps unit at Pasadena High School. He succeeds Col. Warren S. Barlow, who is retiring from active work. Lieut.-Col. White was formerly in charge of the R.O.T.C. unit at Oregon Agricultural College.

BUY IMMENSE HOLDING

Los Angeles Men Take Over James Ranch Property in Fresno County for \$71,000

FRESNO, Aug. 8.—In the biggest foreclosure sale ever recorded in Fresno county approximately 47,000 acres of the holdings of the San Joaquin Valley Farm Lands Company in the Tranquillity, San Joaquin district of Fresno county's west side, were sold today to a committee of bondholders for \$71,000 by the Merchants' National Trust and Savings Bank of Los Angeles, trustee.

The committee, representing holders of approximately \$1,500,000 bond issue, by whom the lands were purchased, is headed by J. E. Buckman, president of the bank.

The sale was also made subject to unpaid taxes of \$271,000, and outstanding bonds of the James and Tranquillity irrigation districts and reclamation districts 1608 and 1609.

The properties were first offered for sale in parcels, but when no offers appeared the entire block was put up, the only bidder being the bondholders' committee, for whom T. A. Tompkins, the committee chairman, acted.

The properties are commonly known as the James ranch, which was subdivided some years ago by Dr. Herman James and associates, who formed the Farm Lands Company.

The total cost of the property to the purchasers, including the cash payment, bonds, back taxes and other costs is approximately \$33 per acre.

STRANGER KILLED BY PASSING TRAIN

ALHAMBRA, Aug. 8.—The badly mangled body of an unidentified man, apparently a Mexican, was found by children this morning beside the Southern Pacific tracks near Savannah station in Rosemead. The discovery was made soon after the passage of an eastbound freight train.

Authorities believe the man had either gone to sleep on the tracks or had fallen under the wheels in attempting to board the train.

The body was removed to the mortuary of F. A. Utter & Son, this city, where finger prints were taken by the sheriff's office in an effort to establish identity. The man wore overalls and a blue shirt and was about 30 years of age. On his upper right arm was tattooed the figure of a nude woman in blue.

CALL MEETINGS OF SCHOOL OFFICIALS

VISALIA, Aug. 8.—Two important school meetings have been called during the coming month by J. E. Buckman, superintendent of Tulare county schools.

W. J. Cooper, State Superintendent of Public Instruction, will attend a meeting in Visalia on the 29th of September, when county District Trustees will be called into session to discuss all phases of school legislation.

Elementary school teachers will meet in Visalia on September 17, at which time Superintendent Buckman will present a number of important matters for their consideration.

The annual teachers institute will be held November 21-23.

CITY HAS COUNCIL, LAWS, AN' EVERYTHING

LINDSAY, Aug. 8.—No longer does Lindsay have a board of City Trustees and a City Marshall.

With the recent passing into effect of the new city laws, Lindsay now has a City Council, five Councilmen, instead of Trustees, and a Mayor instead of president of the board and a Chief of Police.

The city officials are Charles F. Burr, his honor, the Mayor; Basil Prior, Guy Webb, W. C. Merwin, F. R. Spotts, Councilmen; E. V. Bogart, Clerk of the Council; R. E. Wolf, city treasurer; William H. English, Chief of Police; John F. King, police judge.

NAMES DRUGGISTS ON NEW NARCOTIC BOARD

DINUBA, Aug. 8.—J. H. McCracken of Dinuba, president of the State Board of Pharmacy, has announced appointment of members of the narcotic division of the board as follows: Charles Swiggart of Los Angeles, chairman; E. J. Maloney of San Francisco and W. H. Fulton of Long Beach.

President McCracken is an ex-officio member of the division. This committee is expected to meet in San Francisco in the near future to appoint, with the Governor's approval, the narcotic director and a number of inspectors.

A law recently going into effect created the narcotic division of the State Board of Pharmacy.

YEAR IN JAIL FOR BEATING CHILDREN

LINDSAY, Aug. 8.—A. B. Schuster, Lindsay slaughter-house operator, found guilty of assault with intent to commit great bodily harm by a jury last week, as result of alleged severe beating of his small son and daughter, will serve one year in the county jail in Visalia.

Sentence was pronounced this morning by Superior Judge J. A. Allen.

Schuster was cleared on two counts of intent to commit murder. The children are in the care of the county juvenile officers.

SON OF FLEMING WEDS TOMORROW

John Ross Fleming, son of Superior Judge Fleming, will be married to Miss Nancy Claire Smith, Judge Fleming's daughter, tomorrow evening at 8 o'clock in the Fleming home, 800 Fifth avenue.

The couple met several years ago at school. The bridegroom-to-be is 21 years of age, Judge Fleming's youngest son. The bride-to-be is 18.

The couple will spend part of their honeymoon at Catalina Island.

W. H. Russell's Rites Tomorrow

Funeral services for William Henry Russell, who served as a peace officer in various localities in Southern California for thirty-eight years, will be conducted at 1:30 p.m. tomorrow from the funeral parlors of R. C. Delenbaugh & Co., 630 Venice Boulevard. He was 71 years of age.

Mr. Russell was Los Angeles county jailer for eight years in the early '80s and also at one time was married at Ventura. He was a member of the Federal grand jury last year. Mr. Russell leaves four sons, two daughters and his widow. He died last Sunday at the Russell home, 611 South Westmoreland avenue.

NEWPORT BEACH FINEST

NEWPORT BEACH, Aug. 8.—A noticeable increase in the number of tourists visiting Newport Beach during the last few days of the month is being noted by the local business community.

The increase is attributed to the fact that the Newport Beach Hotel, which has been closed for some time, is now open and is attracting a large number of tourists.

HAS VOTE IN LEGION

VISALIA, Aug. 8.—Gladys of Visalia, local delegate to the National Legion of Women, has been elected to the position of delegate to the National Convention in Los Angeles.

Gladys was elected to the position of delegate to the National Convention in Los Angeles. She will represent the Visalia Legion.

ROSE HILLS

ROSE HILLS, Aug. 8.—The Rose Hills cemetery in Los Angeles is the final resting place of many of the city's prominent citizens.

The cemetery is located on the Rose Hills estate, which was purchased by the city of Los Angeles in 1880. It is one of the largest and most beautiful cemeteries in the country.

BEATING CHILDREN

LINDSAY, Aug. 8.—A. B. Schuster, Lindsay slaughter-house operator, found guilty of assault with intent to commit great bodily harm by a jury last week, as result of alleged severe beating of his small son and daughter, will serve one year in the county jail in Visalia.

Sentence was pronounced this morning by Superior Judge J. A. Allen.

Schuster was cleared on two counts of intent to commit murder. The children are in the care of the county juvenile officers.

Schuster was cleared on two counts of intent to commit murder. The children are in the care of the county juvenile officers.

Plans for First of Aimee's Lighthouse-Hostelries Made Public

The First Lighthouse-Hostelry of a String of Such Structures to be erected by Aimee Semple McPherson, is herewith pictured in the architect's drawing as it will appear when completed on property adjoining the Angelus Temple. It is to cost \$275,000 and will have 100 guest rooms. A \$75,000 gymnasium is also planned by evangelist.

No Precaution is Being Overlooked by Prison Authorities at Charlestown, Mass., where Sacco and Vanzetti, condemned slayers, are awaiting execution, to guard against possible desperate acts of sympathizers. This photo shows special guard stationed at prison gate. Every entrance is so guarded. (Herbert Photos, Inc.)

Three New Pets of the Presidential household are herewith depicted in the custody of their mistress. They are Tiny Tim, the chow; Ebenezer, the Democratic donkey, and Diana, the beautiful white collie which replaces Prudence Prim. (P. & A. photo.)

In the Death-House at New Jersey state prison, Salvatore Merra, condemned to die, and Jennie Tripodi (above), were married a few days ago on the eve of the bridegroom's execution. The bride held an infant son by hand during ceremony. (Associated Press photo.)

Victims of New York Subway Bombers, Oscar L. Lieger and his wife, innocent bystanders, are caught by camera shortly after they were taken from blasted tube and placed in ambulance. Fortunately, few were injured by the two explosions. (P. & A. photo.)

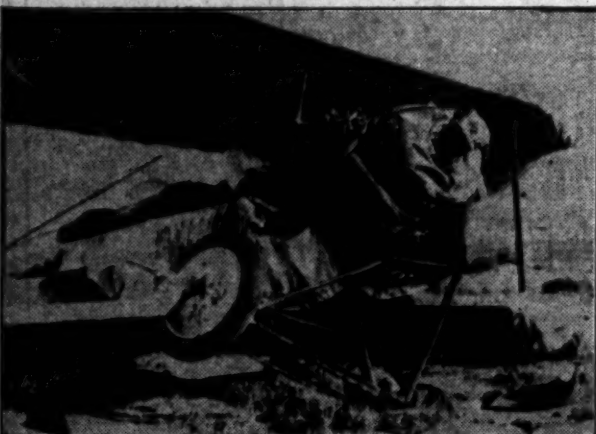

Rather Swank — What? Lady Peel, better-known hereabouts as Beatrice Lillie, startled reporters with these glasses on her return from Europe recently. (P. & A. photo.)

Ireland mourns the passing of John Dillon, for thirty years a leader in the fight for home rule, who answered call of Grim Reaper the 4th inst. The Irish patriot lived for years in California. (P. & A. photo.)

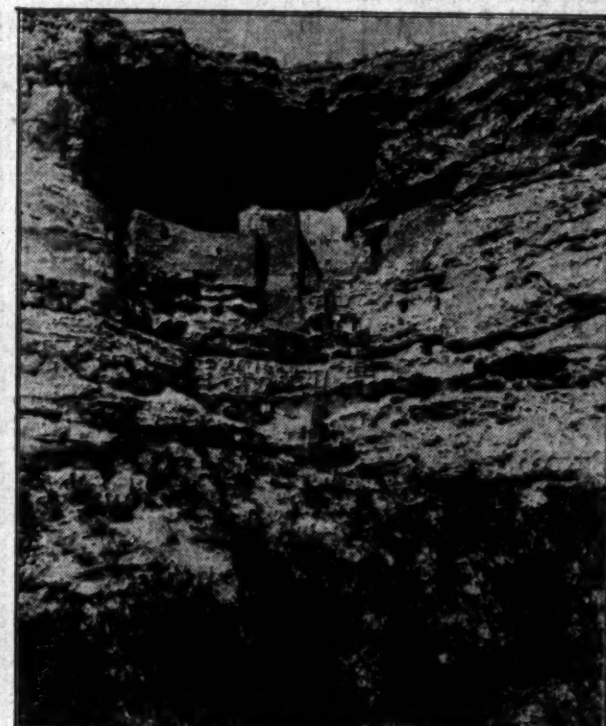

"Goin' Barnd" lost its thrill for Peralta, the songbird, when enjoying here Seattle where she was bevy of kiddies. (P. & A. photo.)

Coyote Hunting From an Airplane is a dangerous sport, two Fresno aviators, G. A. Eichelberger and O. P. Harrah, will attest. Ruins of their plane in which they were pursuing a coyote in the desert, shown above. (P. & A. photo.)

Largest and Most Complete Dictionary in the world is nearing completion in the library of Congress. Nearly a half million words are listed in the edition which Miss Virginia Mitchell of library force is examining in this photo. (P. & A. photo.)

This Prototype of the Apartment House, Montezuma's Castle, one of the best preserved cliff dwellings in the Southwest, has been officially designated a national monument. The castle, five-stories high, is located near Camp Verde, Ariz. (P. & A. photo.)

Garment Retailers exhibited this coat of brown Alexa trimmed with Kolinsky, as fall garment at Fashion Show in Hotel Astor, New York, last week. (P. & A. photo.)

Despite the arm, George Hastings, N.Y., among best in the United States shows Max. (P. & A. photo.)

The Remembered John D. Jr., and his growing more every day. (P. & A. photo.)

Bought for a Song from a second-hand dealer, a collection of fourteen plaques belonging to Robert Edson, stage and film actor, was recently appraised by art critic at \$10,000. Actor with plaques shown above.

THE SETTLEMENT OF WHAT IS NOW THE STATE OF NEVADA BEGAN WITH THE DISCOVERY OF SILVER IN "THE WASHOE COUNTRY". THEN PART OF UTAH. IN 1859 A RICH DEPOSIT WAS STRUCK ON MT. DAVIDSON, 8,000 FEET ABOVE SEA LEVEL. SOON THE REGION WAS FILLED WITH MINERS.

THE VEINS OF ORE LED FAR DOWN BELOW THE SURFACE AND DEEP SHAFTS HAD TO BE DUG TO REACH THEM. MUCH SILVER WAS TAKEN OUT, BUT WATER DRAINED INTO THE SHAFTS FASTER THAN IT COULD BE PUMPED OUT, AND THE MINES WERE THREATENED WITH DESTRUCTION.

IN THIS EMERGENCY, A MAN NAMED SUTRO CAME FORWARD WITH A PLAN TO DIG A TUNNEL THROUGH THE MOUNTAIN, BELOW THE MINES, TO CARRY OFF THE WATER. THIS PROJECT WAS COMPLETELY SUCCESSFUL AND THE MINES WERE SAVED. MORE SETTLERS FLOCKED INTO NEVADA WHEN GOLD WAS FOUND NEAR VIRGINIA CITY.

WITHIN TWENTY-FIVE YEARS NEVADA WAS TRACTED FROM THE MINES OF SILVER. IN 1861 NEVADA WAS GRANTED A GOVERNMENT AND IN 1864 IT BECAME A STATE INTO THE UNION AS A STATE.
